GEN. & REV. SECTT. BR. 17. DEC. 1928 22759 G. D. SECTION.

To

The Chief secretary to the Government of His Highness the Maharaja of Mysore.

Subject:—

Synopsis of principal events in the administration of the Mysore State during the calendar year 1928.

SIR,

I am directed to request that copies of the above synopsis may kindly be sent to this office at an early date.

I have the honour to be,
Sir,
Your most obedient servant,

D 18/12/28

D. O'Sherwood
Captain.
for SECRETARY TO THE RESIDENT.

ASB

As the synopsis purports to be for the calendar year it is usual to send it to the Residency in the first week of January, after including important events, if any, pertaining to the month of Dec^r also. If approved, the same practice will be adopted this year also too.

The synopsis for 1927 has however been brought upto the end of Nov^r 1928

Agreed

To

R. Ranga Rao, Esq., B.A., B.L.,
General Secretary to Government,
Bangalore.

SIR,

As desired in your letter No. 84-86/AR dated the 8th December 1928, I have the honour to forward herewith information relating to - Krishnarajasagara and Electrical Works for inclusion in the Synopsis for the Calender year 1928.

I have the honour to be,
Sir,
Your most obedient servant,

K. R. Seshachar

Secretary to Government,
Krishnaraja Sagara Works & Electrical Dept.

RR 11/12/28.

The North Bank High Level Canal from Krishnaraja Sagara sanctioned last year to irrigate a total extent of 120000 acres of land was in good progress. It was renamed the Irwin Canal after the visit of His Excellency the -- Viceroy. In view of the magnitude of this work, the appointment of a Deputy Comptroller exclusively for Krishnaraja -- Sagara works was sanctioned for regulating financial control.

Schemes for electrification of ~~some~~ many towns and places were sanctioned, and power was also supplied to the Madras -- Metur reservoir works, under agreement with that Government. Schemes for Lift irrigation by electric pumps were sanctioned and they are being taken advantage of by the public in good numbers.

11/12

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1927.

General.

1. The Silver Jubilee of the reign of His Highness the Maharaja was celebrated during the year with great éclat throughout the State.

His Excellency the Right Hon'ble Edward Frederick Lindley Wood, Baron Irwin of Kirby Underdale, P.C., G.M.S.I., G.M.I.E., Viceroy and Governor-General of India, accompanied by Her Excellency Lady Irwin, paid a visit to the State in July 1927. He was pleased to announce a reduction in perpetuity of Rs. 10½ lakhs from the State Subsidy payable to the Government of India.

Seasonal conditions.

2. The seasonal conditions were generally favourable during the year except in parts of Mysore, Bangalore and Kolar districts. Relief measures, consisting of village improvement, tank maintenance and tank restoration works, were undertaken in order to provide labour to the cooly classes. Special grants were sanctioned for sinking temporary wells and deepening old wells and for the purchase of fodder. Land revenue to the extent of Rs. 60,000, was remitted in the affected parts of Mysore, Bangalore, Kolar and Tumkur districts.

Finance.

3. The budget estimates for the official year 1927-28, as finally passed, anticipate a total revenue of Rs. 3,40,10,000 and provide for a total expenditure, chargeable to revenue, of Rs. 3,39,80,000. The capital outlay, not chargeable to revenue, is estimated at Rs. 69,89,000.

Progress, moral and material.

4. The Inspectorate in the Education Department was reorganised with a view to secure unity of control and an effective coordination of work in the districts. Certain consequential changes in the constitution and working of the department were also introduced. Arrangements were made for the establishment of Intermediate Colleges under the University at Mysore, Bangalore, Tumkur and Shimoga. A loan of one lakh of rupees and a cash credit of another lakh were sanctioned to the Provincial Apex Bank for financing primary house-building co-operative societies. A co-operative colony scheme was organised for the benefit of the depressed classes. Four medical graduates of the State were deputed to America for training in public health under the scheme of fellowships of the International Health Division of the Rockefeller Foundation.

Protection.

5. Ten Regulations were passed during the year, the chief of which were the Mysore Religious and Charitable Institutions Regulation and the Mysore Land Record of Rights Regulation. Orders were passed on the recommendations of the Law's Delays Committee and a fourth Judge was appointed to the Chief Court temporarily for a period of one year. A Small Cause Court at Bangalore and two Subordinate Judge's Courts (one at Mysore and the other at Shimoga) as well as three Munsiff's Courts in other places were established. The strength of the Bangalore City Police was increased from the 1st of April 1927 so as to keep pace with the growth of the City in recent years. The reorganisation of the Mysore State Forces was brought into effect from the 1st of February 1927, from which date the two Cavalry Units, *viz.*, the Mysore Lancers and the Mysore Horse, were reorganised on a ***non-silledari*** basis.

Technical Departments.

6. The construction of the Shimoga-Arasalu Railway line made good progress. The investigation of further extension of the Mysore State lines and also the traffic prospects thereof were under consideration. A circle of Superintendence with headquarters at Mysore was newly constituted in order to cope with the increased activities of the Public Works Department. The Committee appointed to advise Government as regards the measures to be adopted for the permanent improvement of Water Supply to Bangalore City have submitted a scheme costing about 35 lakhs of rupees for the construction of a masonry dam across the Arkavati river near Tippagondanahalli off the Magadi road. A project was sanctioned for the construction of a reservoir at Anjanapur in Shikarpur taluk at a cost of about Rs. 18½ lakhs. A Committee was appointed for reviewing once in six months the progress on irrigation developments and laying down instructions to bring about a speedy improvement in the condition of tanks. The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 347,154·162 ounces valued approximately at Rs. 1,98,42,757. A sum of Rs. 10½ lakhs was sanctioned towards the capital expenditure of the Bhadravati Iron Works for improving the pipe foundry and the blast furnace. The Forest and the Sanitary Departments were re-organised. Sanction was accorded to the North Bank High Level Canal scheme under the Krishnarajasagara costing about 222 lakhs of rupees and intended to irrigate a total extent of 120,000 acres of land after full development.

Local Self Government.

7. The Mysore District Boards Regulation and the Village Panchayet Regulation came into operation from the 1st of February 1927. A definite policy was laid down in regard to the levy of tolls and revised rules were issued for holding District Conferences.

Important Administrative Measures.

8. The Record of Rights Regulation and the Rules framed thereunder were ordered to be introduced in the taluks of Davangere, Sagar and Bangalore and the Harihar sub-taluk. Orders were passed on the recommendations of the Committee appointed to investigate the question of the modifications required in village revenue accounts in order that they might reflect, as far as possible, rights of actual occupancy in lands. Final orders were issued in regard to the relationship between Government, Inamdars and tenants in Inam villages and the points on which legislation was to be undertaken were settled. The rules for the grant of remission of land revenue were revised, providing for the *atchkat* under a tank being regarded as a unit, instead of a tract, for purposes of remission. A Committee was appointed to select candidates for promotion to the grades of Amildars and Deputy Amildars. A scheme for conducting higher audit in the Central Audit Office was sanctioned with a view to vitalise the audit now conducted on more or less routine lines. The Heads of the Forest and the Agricultural Departments were given the help of an Accounts Assistant with a view to ensure an effective internal check over the transactions of these two departments. The *Veda Patasalas* receiving grants-in-aid from Muzrai funds were ordered to be inspected by the Assistant Inspector of Sanskrit Schools.

BANGALORE,
7th January 1928.

N. MADHAVA RAO,
Chief Secretary to Government.

Important Measures.

Orders were issued directing the introduction of the scheme of Record of Rights & the rules framed thereunder into the Tks of Kolar, Tk. Narsipur, Holalkere, Tumkur Manjarabad & Koppa Tks

Seasonal conditions.

2. The seasonal conditions were generally favourable but owing to an inadequacy of rainfall in certain parts of the Bangalore, Tumkur Kolar, Mysore & Chitaldrug Dts & the consequent insufficient supply of water to some of the tanks the wet & garden lands under them tanks suffered a partial loss of crops. Remission of assessment to the extent of Rs 40,576 was therefore ordered; in respect of these lands. Though, in the whole, the agricultural situation was somewhat better throughout the State than in the previous year, the outturn did not come up to the average & the agri-

Agricultural classes were first able to maintain themselves without any marked improvement in their economic condition. The arrangements now made to ~~supplement~~ obviate any scarcity of employment as soon as it becomes felt in any part by the agricultural classes, by providing work near their homes for them, by a carefully programme of restoration of tanks & other public works undertaken during the year, & by liberal financial assistance that is given in the form of Taccavi loans & by remission of assessment under tanks in seriously affected tracts, were of great use in preventing any real suffering among the people & seriously affecting their economic conditions.

11/12

8. Important measures.

Orders were issued directing the introduction of the scheme of Record of Rights and the rules framed thereunder into the Taluks of Kolar, T.Narsipur, Holalkere, Tumkur, Manjarabad and Koppa.

2. Seasonal conditions.

The seasonal conditions were generally favourable, but owing to an inadequacy of rainfall in certain parts of the Bangalore, Tumkur, Kolar, Mysore and Chitaldrug Districts, and the consequent insufficient supply of water to some of the tanks, the wet and garden lands under these tanks suffered a partial loss of crops. Remission of assessment to the extent of Rs.45,516/- was therefore ordered in respect of these lands. Though, on the whole, the agricultural situation was somewhat better throughout the State than in the previous year, the outturn did not come up to the average and the agricultural classes were just able to maintain themselves without any marked improvement in their economic conditions. The arrangement now made to obviate scarcity of employment as soon as it becomes felt in any tract by the agricultural classes, by providing work for them near their homes, and by a considered programme of restoration of tanks and other public works undertaken during the year, and by liberal financial assistance given in the form of Takavi

loans and by remissions of assessment under tanks in seriously affected tracts, were of great use in preventing any real suffering among the people.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA
OF MYSORE.

REV. SECRETARIAT
11 DEC 1928
MUZRAI

861.

OFFICIAL MEMORANDUM

The Assistant Secretaries of Branches are requested to be so good as to furnish on or before the 12th December 1928 information required for drawing up a brief synopsis of principal events in the administration of the Mysore State during the calendar year 1928 (copy enclosed for ready reference), with additional or new features, if any.

On the basis of the synopsis for 1927

The matter may kindly be treated as very urgent and full information furnished by the date specified above.

By Order,

Officer in Charge of Administration Report work.

Mrs. Khan attended this

10/12

Srbd

The synopsis of 27 contains nothing about Muzrai administration - A brief synopsis for 1928 is, however, pertinent.

11/12

Addl Supdt Secl

11/12

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1927.

1. The Silver Jubilee of the reign of His Highness the Maharaja was celebrated during the year with great éclat throughout the State. — General.

His Excellency the Right Hon'ble Edward Frederick Lindley Wood, Baron Irwin of Kirby Underdale, P.C., G.M.S.I., G.M.I.E., Viceroy and Governor-General of India, accompanied by Her Excellency Lady Irwin, paid a visit to the State in July 1927. He was pleased to announce a reduction in perpetuity of Rs. 10½ lakhs from the State Subsidy payable to the Government of India.

2. The seasonal conditions were generally favourable during the year except in parts of Mysore, Bangalore and Kolar districts. Relief measures, consisting of village improvement, tank maintenance and tank restoration works, were undertaken in order to provide labour to the cooly classes. Special grants were sanctioned for sinking temporary wells and deepening old wells and for the purchase of fodder. Land revenue to the extent of Rs. 60,000, was remitted in the affected parts of Mysore, Bangalore, Kolar and Tumkur districts. — Seasonal conditions.

3. The budget estimates for the official year 1927-28, as finally passed, anticipate a total revenue of Rs. 3,40,10,000 and provide for a total expenditure, chargeable to revenue, of Rs. 3,39,80,000. The capital outlay, not chargeable to revenue, is estimated at Rs. 69,89,000. — Finance.

4. The Inspectorate in the Education Department was reorganised with a view to secure unity of control and an effective coordination of work in the districts. Certain consequential changes in the constitution and working of the department were also introduced. Arrangements were made for the establishment of Intermediate Colleges under the University at Mysore, Bangalore, Tumkur and Shimoga. A loan of one lakh of rupees and a cash credit of another lakh were sanctioned to the Provincial Apex Bank for financing primary house-building co-operative societies. A co-operative colony scheme was organised for the benefit of the depressed classes. Four medical graduates of the State were deputed to America for training in public health under the scheme of fellowships of the International Health Division of the Rockefeller Foundation. — Progress, moral and material.

5. Ten Regulations were passed during the year, the chief of which were the Mysore Religious and Charitable Institutions Regulation and the Mysore Land Record of Rights Regulation. Orders were passed on the recommendations of the Law's Delays Committee and a fourth Judge was appointed to the Chief Court temporarily for a period of one year. A Small Cause Court at Bangalore and two Subordinate Judge's Courts (one at Mysore and the other at Shimoga) as well as three Munsiff's Courts in other places were established. The strength of the Bangalore City Police was increased from the 1st of April 1927 so as to keep pace with the growth of the City in recent years. The reorganisation of the Mysore State Forces was brought into effect from the 1st of February 1927, from which date the two Cavalry Units, *viz.*, the Mysore Lancers and the Mysore Horse, were reorganised on a ***non-silledari*** basis. — Protection.

6. The construction of the Shimoga-Arasalu Railway line made good progress. The investigation of further extension of the Mysore State lines and also the traffic prospects thereof were under consideration. A circle of Superintendence with headquarters at Mysore was newly constituted in order to cope with the increased activities of the Public Works Department. The Committee appointed to advise Government as regards the measures to be adopted for the permanent improvement of Water Supply to Bangalore City have submitted a scheme costing about 35 lakhs of rupees for the construction of a masonry dam across the Arkavati river near Tippagondanahalli off the Magadi road. A project was sanctioned for the construction of a reservoir at Anjanapur in Shikarpur taluk at a cost of about Rs. 18½ lakhs. A Committee was appointed for reviewing once in six months the progress on irrigation developments and laying down instructions to bring about a speedy improvement in the condition of tanks. The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 347,154·162 ounces valued approximately at Rs. 1,98,42,757. A sum of Rs. 10½ lakhs was sanctioned towards the capital expenditure of the Bhadravati Iron Works for improving the pipe foundry and the blast furnace. The Forest and the Sanitary Departments were re-organised. Sanction was accorded to the North Bank High Level Canal scheme under the Krishnarajasagara costing about 222 lakhs of rupees and intended to irrigate a total extent of 120,000 acres of land after full development. — Technical Departments.

7. The Mysore District Boards Regulation and the Village Panchayet Regulation came into operation from the 1st of February 1927. A definite policy was laid down in regard to the levy of tolls and revised rules were issued for holding District Conferences. — Local Self Government.

8. The Record of Rights Regulation and the Rules framed thereunder were ordered to be introduced in the taluks of Davangere, Sagar and Bangalore and the Harihar sub-taluk. Orders were passed on the recommendations of the Committee appointed to investigate the question of the modifications required in village revenue accounts in order that they might reflect, as far as possible, rights of actual occupancy in lands. Final orders were issued in regard to the relationship between Government, Inamdars and tenants in Inam villages and the points on which legislation was to be undertaken were settled. The rules for the grant of remission of land revenue were revised, providing for the *atchkat* under a tank being regarded as a unit, instead of a tract, for purposes of remission. A Committee was appointed to select candidates for promotion to the grades of Amildars and Deputy Amildars. A scheme for conducting higher audit in the Central Audit Office was sanctioned with a view to vitalise the audit now conducted on more or less routine lines. The Heads of the Forest and the Agricultural Departments were given the help of an Accounts Assistant with a view to ensure an effective internal check over the transactions of these two departments. The *Veda Patasalas* receiving grants-in-aid from Muzrai funds were ordered to be inspected by the Assistant Inspector of Sanskrit Schools. — Important Administrative Measures.

BANGALORE,
7th January 1928.

N. MADHAVA RAO,
Chief Secretary to Government.

A brief synopsis of principal events in the administration of the Mysore State during the calendar year 1928.

---:0:---

The Indian States Enquiry Committee visited the State from the 19th to 22nd March 1928 and the views of ~~the~~ Government on certain matters affecting the State were placed before the Committee. Opportunity was also afforded to a few officers and non-official gentlemen of the State to give evidence before the Committee.

Rajaratnashastry Mr. K Bhandy, Bar Member of C
was permitted to retire from his Service in June
1928 and Mr. K Matthan, B.A. was appointed
a Member of C in his place.

Dated Bangalore, 12.12.28

FROM

JOHN BHORE, ESQ., A.M.I.C.E., Etc.,
Chief Engineer of Mysore,
Bangalore.

RG 12/12/28

To

R. Ranga Rao, Esq., B.A., B.L.,
Secretary to Government, General Department,
Bangalore.

SIR

With reference to your letter No. 84-86/A.R. dated the 8th instant, I have the honour to forward herewith a brief synopsis of principal - - events in the Administration of the Mysore State (Public Works Department) during the Calendar year 1928.

I have the honour to be,

Sir,

Your most obedient servant,

John Bhore 12.12.28

Chief Engineer of Mysore.

H.N.

A brief synopsis of principal events in the Administration of the Mysore State (Public Works Department) during the - - - - calendar year 1928.

--------O--------

The most important schemes submitted for the consideration of Government are:-

(1) Opening a left bank channel from the Bhadra Anicut.- A project for this work estimated to cost Rs 904,000 was submitted to Government for orders. Government have ordered that it may lie over till the lands under the Right Bank channel are brought under cultivation.

(2) Naranapur Project.- A scheme for extending the irrigation below the Vani Vilas Sagara which is now limited to 10,000 acres under the existing channels, by means of a lifting dam at a place called Naranapur in Chellakere Taluk was submitted to Government. This has been ordered to be held in abeyance pending the determination of the available flow in the river by actual gauging - - observations.

2. The progress under Irrigation Works both major and minor - - tank restoration was good.

3. The work of constructing a reservoir across the Kumadvati - river near Anjanapur at a cost of Rs 17,85,000 was started during the year; and an outlay of Rs 88,310/- was incurred on earthwork of the bund on the right bank of the river, formation of approach road and construction of temporary buildings.

4. Road Fund.- The total length of State Fund Roads is about 2,132 miles with an annual allotment of Rs 5,16,000. This grant is inadequate to maintain the roads in good order under modern -

traffic conditions. Government have now sanctioned the constitution of a "Road Fund" to which will be credited the realisations from tolls, motor - license fees, etc.,- The constitution of an Irrigation Fund is under - - consideration.

5. In connection with the developments contemplated at the Mysore Iron - - Works and the necessity for additional power, preliminary surveys for a - - reservoir across the Sharavati near the Jog Falls were ordered by Government for investigating the possibility of a Hydro-Electric Power Scheme.

6. Construction of bridges across the Cauvery and the Kabbini at T.Narasipur.

Estimates amounting to Rs 8,75,000 were sanctioned in April 1927 for the construction of these bridges, The bridge across the Cauvery was ordered - to be taken up first and work has been started.

7. Construction of a bridge across the Hemavathi at Akkihebbal.-

An estimate amounting to Rs 2,00,000/- was sanctioned for this work in July 1926 but the work could not be taken up for want of funds. But arrangements have now been made to finance the work and the construction of the - - - bridge will be started this working Season.

8. Bridge across the Cauvery near Sivasamudram.-

The construction of this bridge which is estimated to cost about Rs 4 lakhs has been under-taken by the Government of Madras. A contribution of Rs 50000/- was paid by the Mysore Government towards the work.

9. General Hospital at Chickmagalur.-

10. An estimate amounting to Rs 1,15,000 was sanctioned by Government for this work in December 1927.

11. General Hospital at Hassan.-

Sanction was accorded by Government in December 1927 to an estimate - - - amounting to Rs 97,490/- for this work.

Chief Engineer of Mysore.

H.N.

A Brief synopsis of principal events.

BUDGET.

The Budget Estimates for the official year 1928-29, as finally passed, anticipate a total revenue of Rs.3,55,91,000 and provide for a total expenditure chargeable to Revenue of Rs.3,55,48,000. The Capital outlay, not chargeable to Revenue, is estimated at - Rs.89,55,000.

IMPORTANT ADMINISTRATIVE MEASURES.

A Scheme of 'Term Annuities' or 'Income Policies' for the benefit of the Insured and the general public, desiring to provide - assured periodical payments from the Government Treasury annuities either to themselves or to their dependants, was sanctioned during the year as an adjunct to the State Life Insurance Scheme and the necessary rules were made and promulgated.

For the better upkeep and repairs of all the provincial roads in the State, the constitution of a "Road Fund" has been sanctioned; certain Revenues such as Toll Receipts and fees from motor taxation have been earmarked for the purpose.

A Scheme of 5 per cent Deposits fixed for 5 years was sanctioned with option to the subscribers to tender the balances to their credit to any public loan that may be floated by Government during the period.

Sir,

Synopsis of principal events in the Railway Administration of the State.

With reference to your letter No.84-86/A.R. dated 8th December 1928, I have the honour to forward herewith, a brief synopsis of the principal events in the Railway Administration during the calendar year 1928.

I have the honour to be,
Sir,
Your most obedient servant,

Secretary for Railways,
Government of Mysore.

Brief synopsis of principal events in the Administration of the Railway Department during the calendar year 1928.

The construction work on the Shimoga Ragihosahally Railway (18.96 miles) has made good progress during the year and the whole line is likely to be opened for traffic by April or May 1929. The extension of this railway as far as Arasalu, a distance of 7.54 miles, has been sanctioned by Government and Engineering Estimates for continuing the line to Sagar are under preparation.

Traffic and Engineering Estimates for Chamarajanagar-Satyamangalam extension and Chamarajanagar-Kollegal Railway have been prepared and the Projects are receiving consideration. The Traffic prospects of Hosa-Agrahar-Fraserpet and Kadur-Chickmagalur lines are under re-investigation.

Secretary for Railways,
Government of Mysore.

13/12/28

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1927.

1. The Silver Jubilee of the reign of His Highness the Maharaja was celebrated during the year with great éclat throughout the State. General.

His Excellency the Right Hon'ble Edward Frederick Lindley Wood, Baron Irwin of Kirby Underdale, P.C., G.M.S.I., G.M.I.E., Viceroy and Governor-General of India, accompanied by Her Excellency Lady Irwin, paid a visit to the State in July 1927. He was pleased to announce a reduction in perpetuity of Rs. 10½ lakhs from the State Subsidy payable to the Government of India.

2. The seasonal conditions were generally favourable during the year except in parts of Mysore, Bangalore and Kolar districts. Relief measures, consisting of village improvement, tank maintenance and tank restoration works, were undertaken in order to provide labour to the cooly classes. Special grants were sanctioned for sinking temporary wells and deepening old wells and for the purchase of fodder. Land revenue to the extent of Rs. 60,000, was remitted in the affected parts of Mysore, Bangalore, Kolar and Tumkur districts. Seasonal conditions.

3. The budget estimates for the official year 1927-28, as finally passed, anticipate a total revenue of Rs. 3,40,10,000 and provide for a total expenditure, chargeable to revenue, of Rs. 3,39,80,000. The capital outlay, not chargeable to revenue, is estimated at Rs. 69,89,000. Finance.

4. The Inspectorate in the Education Department was reorganised with a view to secure unity of control and an effective coordination of work in the districts. Certain consequential changes in the constitution and working of the department were also introduced. Arrangements were made for the establishment of Intermediate Colleges under the University at Mysore, Bangalore, Tumkur and Shimoga. A loan of one lakh of rupees and a cash credit of another lakh were sanctioned to the Provincial Apex Bank for financing primary house-building co-operative societies. A co-operative colony scheme was organised for the benefit of the depressed classes. Four medical graduates of the State were deputed to America for training in public health under the scheme of fellowships of the International Health Division of the Rockefeller Foundation. Progress, moral and material.

5. Ten Regulations were passed during the year, the chief of which were the Mysore Religious and Charitable Institutions Regulation and the Mysore Land Record of Rights Regulation. Orders were passed on the recommendations of the Law's Delays Committee and a fourth Judge was appointed to the Chief Court temporarily for a period of one year. A Small Cause Court at Bangalore and two Subordinate Judge's Courts (one at Mysore and the other at Shimoga) as well as three Munsiff's Courts in other places were established. The strength of the Bangalore City Police was increased from the 1st of April 1927 so as to keep pace with the growth of the City in recent years. The reorganisation of the Mysore State Forces was brought into effect from the 1st of February 1927, from which date the two Cavalry Units, *viz.*, the Mysore Lancers and the Mysore Horse, were reorganised on a ***non-silledari*** basis. Protection.

6. The construction of the Shimoga-Arasalu Railway line made good progress. The investigation of further extension of the Mysore State lines and also the traffic prospects thereof were under consideration. A circle of Superintendence with headquarters at Mysore was newly constituted in order to cope with the increased activities of the Public Works Department. The Committee appointed to advise Government as regards the measures to be adopted for the permanent improvement of Water Supply to Bangalore City have submitted a scheme costing about 35 lakhs of rupees for the construction of a masonry dam across the Arkavati river near Tippagondanahalli off the Magadi road. A project was sanctioned for the construction of a reservoir at Anjanapur in Shikarpur taluk at a cost of about Rs. 18½ lakhs. A Committee was appointed for reviewing once in six months the progress on irrigation developments and laying down instructions to bring about a speedy improvement in the condition of tanks. The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 347,154·162 ounces valued approximately at Rs. 1,98,42,757. A sum of Rs. 10½ lakhs was sanctioned towards the capital expenditure of the Bhadravati Iron Works for improving the pipe foundry and the blast furnace. The Forest and the Sanitary Departments were re-organised. Sanction was accorded to the North Bank High Level Canal scheme under the Krishnarajasagara costing about 222 lakhs of rupees and intended to irrigate a total extent of 120,000 acres of land after full development. Technical Departments.

7. The Mysore District Boards Regulation and the Village Panchayet Regulation came into operation from the 1st of February 1927. A definite policy was laid down in regard to the levy of tolls and revised rules were issued for holding District Conferences. Local Self Government.

8. The Record of Rights Regulation and the Rules framed thereunder were ordered to be introduced in the taluks of Davangere, Sagar and Bangalore and the Harihar sub-taluk. Orders were passed on the recommendations of the Committee appointed to investigate the question of the modifications required in village revenue accounts in order that they might reflect, as far as possible, rights of actual occupancy in lands. Final orders were issued in regard to the relationship between Government, Inamdars and tenants in Inam villages and the points on which legislation was to be undertaken were settled. The rules for the grant of remission of land revenue were revised, providing for the *atchkat* under a tank being regarded as a unit, instead of a tract, for purposes of remission. A Committee was appointed to select candidates for promotion to the grades of Amildars and Deputy Amildars. A scheme for conducting higher audit in the Central Audit Office was sanctioned with a view to vitalise the audit now conducted on more or less routine lines. The Heads of the Forest and the Agricultural Departments were given the help of an Accounts Assistant with a view to ensure an effective internal check over the transactions of these two departments. The *Veda Patasalas* receiving grants-in-aid from Muzrai funds were ordered to be inspected by the Assistant Inspector of Sanskrit Schools. Important Administrative Measures.

...

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1928.

1. The Indian States Enquiry Committee visited the State from the 19th to 22nd March 1928 and the views of Government on certain matters affecting the State were placed before the Committee. General.

2. The seasonal conditions were generally favourable but, owing to inadequate rainfall in certain parts of the Bangalore, Tumkur, Kolar, Mysore and Chitaldrug districts, and the consequent insufficient supply of water to some of the tanks, the wet and garden lands under these tanks suffered a partial loss of crops. Remission of assessment to the extent of Rs. 45,516 was therefore ordered in respect of these lands and other measures of relief were organised in the affected tracts. Seasonal conditions.

3. The budget estimates for the official year 1928-29, as finally passed, anticipate a total revenue of Rs. 3,55,91,000 and provide for a total expenditure, chargeable to revenue, of Rs. 3,55,48,000. The capital outlay, not chargeable to revenue, is estimated at Rs. 89,55,000. Finance.

4. Orders were passed approving of the delegation of the control of primary education, subject to certain limitations, to the District Boards and Municipalities offering to contribute not less than one-third of the total cost of such education within their jurisdiction. The scheme of medical inspection of school children was ordered to be extended to boys' schools in all stations where medical men are available. With a view to afford greater facilities for the education of the pupils belonging to the backward classes, the grant for the award of scholarships to such students was enhanced from Rs. 1,10,000 to Rs. 1,60,000 per annum. Progress, moral and material.

The International Health League visited the State in the month of February 1928.

It was decided to start a Land Mortgage Bank and the work of directing its activities on proper lines was entrusted to the Director of Industries and Commerce. A creosote plant was installed at the Bhadravati Iron Works for the treatment of inferior kinds of timber available in the ghat forests by using the creosote manufactured by the Iron Works.

5. Sixteen Regulations were passed during the year, the chief among them being the Workmen's Compensation Regulation and the Agriculturists' Relief Regulation. Civil and criminal jurisdiction was combined as an experimental measure in one of the Courts of first instance. One of the Criminal Courts was made a circuit court and there were two such courts working during the year. A separate Superintendent of Police was appointed for the Bangalore City and Taluk and the Amildars thereof were divested of their Police powers. Protection.

6. The construction work on the Shimoga-Ragihosahally Railway (18·96 miles) made good progress during the year and the whole line is likely to be opened for traffic by April or May 1929. The extension of this railway as far as Arasalu, a distance of 7·54 miles, has been sanctioned by Government and engineering estimates for continuing the line to Sagar are under preparation. Traffic and engineering estimates for Chamarajanagar-Satyamangalam extension and Chamarajanagar-Kollegal Railway have been prepared and the projects are receiving consideration. Technical Departments.

The North Bank High Level Canal from the Krishnaraja Sagara sanctioned in 1926-27 to irrigate a total extent of 120,000 acres of land made good progress. It was renamed the Irwin Canal after the visit of His Excellency the Viceroy. Schemes for the electrification of many towns were sanctioned and electric power was supplied to the Mettur Reservoir works in the Madras Presidency.

Estimates amounting to Rs. 8,75,000 were sanctioned for the construction of bridges across the Cauvery and the Kabbini at T.-Narsipur and work was started in respect of the former. In connection with the developments contemplated at the Mysore Iron Works and the necessity for additional power, preliminary surveys for a reservoir across the Sharavati river near the Jog Falls were ordered by Government with the object of investigating the possibility of a hydro-electric power scheme. An estimate amounting to Rs. 2 lakhs was sanctioned for the construction of a bridge across the Hemavati at Akkihebbal. A contribution of Rs. 50,000 was paid to the Madras Government towards the construction of a bridge across the Cauvery near Sivasamudram, which is estimated to cost about Rs. 4 lakhs.

The Eastern Division of the Agricultural Department was split up into two circles, each under the charge of an Assistant Director. The strength of the Civil Veterinary Department was increased and the department was placed under the administrative control of the Director of Agriculture.

The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 341,583·113 ounces valued approximately at Rs. 194,35,508.

7. Mohatarfa taxes were abolished in all the villages of the State and in their place, Village Panchayets levied, under the Mysore Village Panchayet Regulation, taxes on houses, shops, or places of trade or business, vacant sites, hittals and carts. The levy of tolls on animals was discontinued by the District Boards and a Committee was appointed to consider the question of reducing the number of newly established toll gates. The Minor Municipal Council Taxation rules were amended so as to exempt hand-spun Khadi from octroi in the Minor Municipalities. Local Self-Government.

A scheme of "Annuities" or "Income Policies" for the benefit of the insured and the general public, desiring to provide assured periodical payments from the Government Treasury either to themselves or to their dependants, was sanctioned during the year as an adjunct to the State Life Insurance Scheme and the necessary rules were published. For the better upkeep and repairs of all the provincial roads in the State, the constitution of a "Road Fund" was sanctioned and certain revenues, such as Toll receipts and fees from motor taxation, have been earmarked for the purpose. A comprehensive revision of the Muzrai establishments was effected. The Ayurvedic College and Hospital at Mysore were reorganised. The scheme of Record of Rights was introduced into five more taluks and a sub-taluk. Important Administrative Measures.

BANGALORE,

N. MADHAVA RAO,
Chief Secretary to Government.

W D 1874—GPB—100—22-1-29

Information for the Administration Report.

During the Calendar year 1929.

Legislation

Ten Regulations were passed during the year, the chief among them being the Regulation to amend the Mysore Co-operative Societies Regulation, the Cotton Ginning and Pressing Factories Regulation and the Regulations amending the Municipal and District Board Regulations so as to enable women to become members of Municipal Councils and District Boards.

Police.

The Reorganization of the Provincial Reserve Police Force was sanctioned at an extra cost of about Rs.45,000/- per annum. The minimum pay of Constables was increased from Rs.12 to Rs. 13/-. An additional Police Force at a cost of Rs.14,000/- per annum, was ordered under Section 21 of the Mysore Police Regulation to be stationed at Davangere -- temporarily for a period of one year from October 1929.

Courts.

The Scheme of itineration of Magistrates was extended throughout the State except the Bangalore District and the Bench Courts at the places where the itinerating courts are held were abolished.

Synopsis of principal events in the Railway Administration of the State.

Sir,

With reference to your letter No. 105/A.R. dated 12th December 1929, I have the honour to forward herewith a brief synopsis of the principal events in the Railway Administration during the calendar year 1929.

I have the honour to be,
Sir,
Your most obedient servant,

Secretary for Railways,
Government of Mysore.

VRB.

17/12/29.

the Administration of the Railway Department during the Calendar year 1929.

The Shimoga-Shimoga Town section of the Shimoga-Arasalu Railway was opened for Traffic during the year and an estimate for continuing the line to Ananthapur has been prepared and is under consideration.

Through train service between Mysore and Hubli via Guntakal and between Mysore and Poona via Bangalore has been introduced. To obviate the inconvenience to the public at Joint Stations, the Traffic working and control of the 2'-6" gauge stations at Bangalore City and Bowringpet have been taken over from the M.S.M.Ry., from 1st August 1929.

An Advisory Committee consisting of persons representing the various public bodies has been constituted to advise the Railway Administration on matters affecting the General Public convenience on the lines & of Similar committees in India.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE SECRETARIAT.

Bangalore, Dated the 15th December 1929.

OFFICIAL MEMORANDUM.

The Under and Assistant Secretaries of Branches are requested to be so good as to furnish on or before the 15th December 1929 information required for drawing up a brief synopsis of principal events in the administration of the Mysore State during the calendar year 1929 on the basis of the synopsis for 1928 (copy enclosed for ready reference), with additional or new features, if any.

The matter may kindly be treated as very urgent and full information furnished by the date specified above.

By Order,

Officer in charge of the
Administration Report work.

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1928.

General.

1. The Indian States Enquiry Committee visited the State from the 19th to 22nd March 1928 and the views of Government on certain matters affecting the State were placed before the Committee.

Seasonal conditions.

2. The seasonal conditions were generally favourable but, owing to inadequate rainfall in certain parts of the Bangalore, Tumkur, Kolar, Mysore and Chitaldrug districts, and the consequent insufficient supply of water to some of the tanks, the wet and garden lands under these tanks suffered a partial loss of crops. Remission of assessment to the extent of Rs. 45,516 was therefore ordered in respect of these lands and other measures of relief were organised in the affected tracts.

Finance.

3. The budget estimates for the official year 1928-29, as finally passed, anticipate a total revenue of Rs. 3,55,91,000 and provide for a total expenditure, chargeable to revenue, of Rs. 3,55,48,000. The capital outlay, not chargeable to revenue, is estimated at Rs. 89,55,000.

Progress, moral and material.

4. Orders were passed approving of the delegation of the control of primary education, subject to certain limitations, to the District Boards and Municipalities offering to contribute not less than one-third of the total cost of such education within their jurisdiction. The scheme of medical inspection of school children was ordered to be extended to boys' schools in all stations where medical men are available. With a view to afford greater facilities for the education of the pupils belonging to the backward classes, the grant for the award of scholarships to such students was enhanced from Rs. 1,10,000 to Rs. 1,60,000 per annum.

The International Health League visited the State in the month of February 1928.

It was decided to start a Land Mortgage Bank and the work of directing its activities on proper lines was entrusted to the Director of Industries and Commerce. A creosote plant was installed at the Bhadravati Iron Works for the treatment of inferior kinds of timber available in the ghat forests by using the creosote manufactured by the Iron Works.

Protection.

5. Sixteen Regulations were passed during the year, the chief among them being the Workmen's Compensation Regulation and the Agriculturists' Relief Regulation. Civil and criminal jurisdiction was combined as an experimental measure in one of the Courts of first instance. One of the Criminal Courts was made a circuit court and there were two such courts working during the year. A separate Superintendent of Police was appointed for the Bangalore City and Taluk and the Amildars thereof were divested of their Police powers.

Technical Departments.

6. The construction work on the Shimoga-Ragihosahally Railway (18·96 miles) made good progress during the year and the whole line is likely to be opened for traffic by April or May 1929. The extension of this railway as far as Arasalu, a distance of 7·54 miles, has been sanctioned by Government and engineering estimates for continuing the line to Sagar are under preparation. Traffic and engineering estimates for Chamarajanagar-Satyamangalam extension and Chamarajanagar-Kollegal Railway have been prepared and the projects are receiving consideration.

The North Bank High Level Canal from the Krishnaraja Sagara sanctioned in 1926-27 to irrigate a total extent of 120,000 acres of land made good progress. It was renamed the Irwin Canal after the visit of His Excellency the Viceroy. Schemes for the electrification of many towns were sanctioned and electric power was supplied to the Mettur Reservoir works in the Madras Presidency.

Estimates amounting to Rs. 8,75,000 were sanctioned for the construction of bridges across the Cauvery and the Kabbini at T.-Narsipur and work was started in respect of the former. In connection with the developments contemplated at the Mysore Iron Works and the necessity for additional power, preliminary surveys for a reservoir across the Sharavati river near the Jog Falls were ordered by Government with the object of investigating the possibility of a hydro-electric power scheme. An estimate amounting to Rs. 2 lakhs was sanctioned for the construction of a bridge across the Hemavati at Akkihebbal. A contribution of Rs. 50,000 was paid to the Madras Government towards the construction of a bridge across the Cauvery near Sivasamudram, which is estimated to cost about Rs. 4 lakhs.

The Eastern Division of the Agricultural Department was split up into two circles, each under the charge of an Assistant Director. The strength of the Civil Veterinary Department was increased and the department was placed under the administrative control of the Director of Agriculture.

The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 341,583·113 ounces valued approximately at Rs. 194,35,508.

Local Self-Government.

7. Mohatarfa taxes were abolished in all the villages of the State and in their place, Village Panchayets levied, under the Mysore Village Panchayet Regulation, taxes on houses, shops, or places of trade or business, vacant sites, hittals and carts. GENERAL AND REVENUE DEPARTMENTS.

G. O. No. L. 1248-51/V. P. 27-27-16 Bangalore, Dated, 15th August 1929.

Exclusion of villages in the Kolar Gold Fields Sanitary Board area from the operation of the Village Panchayet Regulation

States that the-----is not desirable and directs that the Panchayets should contribute to the Board towards the cost of sanitation.

Read:-

Letter No. L.2855/V.P.27-27-3 dated, the 22nd November 1927, from the Chief Secretary to the Government of Mysore, to the President, Sanitary Board, Kolar Gold Fields, stating that the finances of the Village Panchayets in the Sanitary Board area should be separated from 1st February 1927 and that all measures necessary for preventing the outbreak and spread of epidemics in the said villages should continue to be taken by the Board, while in ordinary Sanitary matters, the villages would take needful action etc.

2. Correspondence ending with letter No.23 dated, the 29th July 1929 from the President, Sanitary Board, Kolar Gold Fields on the subject.

ORDER NO.L.1248-51/V.P.27-27-16 DATED 15TH JULY 1929.

The Sanitary Board first requested that the villages in the area under their control might be excluded from the operation of the Village Panchayet Regulation, on the ground that they would otherwise be obliged to incur a large expenditure every year for the prevention of epidemics in the villages, as the income from taxes on houses, shops and carts in the villages would be credited to the Village Panchayets instead of to the Sanitary Board as heretofore. The Board have since agreed to the operation of the Village Panchayet Regulation in the said villages as in other villages in the State, provided they are given full control over sanitation and prevention of epidemics in the area and the Panchayets contribute to the expenditure incurred by the Board for these measures.

2. After a full consideration of the matter, Government consider it undesirable to exclude the villages in the area under the control of the Sanitary Board from the operation of the Village Panchayet Regulation and are pleased to direct as follows:-

(a) Full control in regard to sanitation in the villages in the Village Panchayet area will vest in the Sanitary Board as desired by them.

(b) Every Village anchayet in the area shall contribute to the Sanitary Board one half of the collections out of the obligatory taxes levied by the Panchayet.

(c) The Panchayets shall without prejudice to (a) have control over and attend to other matters, such as village roads, wells or drinking water supply, ordinary medical relief, education etc., in their jurisdiction.

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1928.

General.

1. The Indian States Enquiry Committee visited the State from the 19th to 22nd March 1928 and the views of Government on certain matters affecting the State were placed before the Committee.

Seasonal conditions.

2. The seasonal conditions were generally favourable but, owing to inadequate rainfall in certain parts of the Bangalore, Tumkur, Kolar, Mysore and Chitaldrug districts, and the consequent insufficient supply of water to some of the tanks, the wet and garden lands under these tanks suffered a partial loss of crops. Remission of assessment to the extent of Rs. 45,516 was therefore ordered in respect of these lands and other measures of relief were organised in the affected tracts.

Finance.

3. The budget estimates for the official year 1928-29, as finally passed, anticipate a total revenue of Rs. 3,55,91,000 and provide for a total expenditure, chargeable to revenue, of Rs. 3,55,48,000. The capital outlay, not chargeable to revenue, is estimated at Rs. 89,55,000.

Progress, moral and material.

4. Orders were passed approving of the delegation of the control of primary education, subject to certain limitations, to the District Boards and Municipalities offering to contribute not less than one-third of the total cost of such education within their jurisdiction. The scheme of medical inspection of school children was ordered to be extended to boys' schools in all stations where medical men are available. With a view to afford greater facilities for the education of the pupils belonging to the backward classes, the grant for the award of scholarships to such students was enhanced from Rs. 1,10,000 to Rs. 1,60,000 per annum.

The International Health League visited the State in the month of February 1928.

It was decided to start a Land Mortgage Bank and the work of directing its activities on proper lines was entrusted to the Director of Industries and Commerce. A creosote plant was installed at the Bhadravati Iron Works for the treatment of inferior kinds of timber available in the ghat forests by using the creosote manufactured by the Iron Works.

Protection.

5. Sixteen Regulations were passed during the year, the chief among them being the Workmen's Compensation Regulation and the Agriculturists' Relief Regulation. Civil and criminal jurisdiction was combined as an experimental measure in one of the Courts of first instance. One of the Criminal Courts was made a circuit court and there were two such courts working during the year. A separate Superintendent of Police was appointed for the Bangalore City and Taluk and the Amildars thereof were divested of their Police powers.

Technical Departments.

6. The construction work on the Shimoga-Ragihosahally Railway (18·96 miles) made good progress during the year and the whole line is likely to be opened for traffic by April or May 1929. The extension of this railway as far as Arasalu, a distance of 7·54 miles, has been sanctioned by Government and engineering estimates for continuing the line to Sagar are under preparation. Traffic and engineering estimates for Chamarajanagar-Satyamangalam extension and Chamarajanagar-Kollegal Railway have been prepared and the projects are receiving consideration.

The North Bank High Level Canal from the Krishnaraja Sagara sanctioned in 1926-27 to irrigate a total extent of 120,000 acres of land made good progress. It was renamed the Irwin Canal after the visit of His Excellency the Viceroy. Schemes for the electrification of many towns were sanctioned and electric power was supplied to the Mettur Reservoir works in the Madras Presidency.

Estimates amounting to Rs. 8,75,000 were sanctioned for the construction of bridges across the Cauvery and the Kabbini at T.-Narsipur and work was started in respect of the former. In connection with the developments contemplated at the Mysore Iron Works and the necessity for additional power, preliminary surveys for a reservoir across the Sharavati river near the Jog Falls were ordered by Government with the object of investigating the possibility of a hydro-electric power scheme. An estimate amounting to Rs. 2 lakhs was sanctioned for the construction of a bridge across the Hemavati at Akkihebbal. A contribution of Rs. 50,000 was paid to the Madras Government towards the construction of a bridge across the Cauvery near Sivasamudram, which is estimated to cost about Rs. 4 lakhs.

The Eastern Division of the Agricultural Department was split up into two circles, each under the charge of an Assistant Director. The strength of the Civil Veterinary Department was increased and the department was placed under the administrative control of the Director of Agriculture.

The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 341,583·113 ounces valued approximately at Rs. 194,35,508.

Local Self-Government.

7. Mohatarfa taxes were abolished in all the villages of the State and in their place, Village Panchayets levied, under the Mysore Village Panchayet Regulation, taxes on houses, shops, or places of trade or business, vacant sites, hittals and carts. The levy of tolls on animals was discontinued by the District Boards and a Committee was appointed to consider the question of reducing the number of newly established toll gates. The Minor Municipal Council Taxation rules were amended so as to exempt hand-spun Khadi from octroi in the Minor Municipalities.

Important Administrative Measures.

A scheme of "Annuities" or "Income Policies" for the benefit of the insured and the general public, desiring to provide assured periodical payments from the Government Treasury either to themselves or to their dependants, was sanctioned during the year as an adjunct to the State Life Insurance Scheme and the necessary rules were published. For the better upkeep and repairs of all the provincial roads in the State, the constitution of a "Road Fund" was sanctioned and certain revenues, such as Toll receipts and fees from motor taxation, have been earmarked for the purpose. A comprehensive revision of the Muzrai establishments was effected. The Ayurvedic College and Hospital at Mysore were reorganised. The scheme of Record of Rights was introduced into five more taluks and a sub-taluk.

FINANCIAL DEPARTMENT.

G. O. No. Fl. 3287-336—S. & A. 164-28-3, dated 12th November 1929.

Leave and Pension Rules.

Revision of the —— applicable to inferior servants and the pension rules applicable to Military Department.

ORDER NO. FL. 3287-336—S. & A. 164-28-3, DATED 12TH NOVEMBER 1929.

The question of revising the leave and pension rules applicable to inferior servants, so as to bring them into line with those governing the cases of officers in superior service has been under consideration for some time.

2. While a superior servant is entitled to pension for a qualifying service of not less than 10 years, at 1-60th of the average emoluments multiplied by the number of years of service up to a maximum of half the average emoluments drawn during the last three years' tenure an inferior servant cannot under the existing rules get pension for service of less than 30 years and the maximum pension admissible to him is limited to Rs. 8 whatever his pay.

3. There is also differentiation in the scale of gratuity admissible to the two classes of officers for service short of that required for earning pension. While an officer in superior service, is allowed gratuity of one full month's pay for each year of service, an inferior servant can claim only half a month's pay for each year of service rendered by him.

4. As regards leave, inferior servants are now under a disability in not being allowed furlough on average salary or leave on medical certificate with the privilege of claiming leave allowances equal to three-fourths salary.

5. Having considered the matter in all its aspects, Government are now pleased to revise the leave and pension rules applicable to inferior servants as follows :—

(1) *Compensation and Invalid Gratuity.*—Gratuity at one month's pay at retirement, will be allowed for each completed year of qualifying service up to 15 years.

(2) *Compensation and Invalid Pension.*—After a service of not less than 15 years, the scale of pension will be as follows:—

Years of completed service.	Scale of pension.
15 ..	... 15—60ths of average emoluments.
16 ..	... 16—60ths do
17 ..	.. 17—60ths do
18 ..	.. 18—60ths do
19 ..	.. 19—60ths do
20 ...	.. 20—60ths do
21 ..	... 21—60ths do
22 ..	.. 22—60ths do
23 ..	.. 23—60ths do
24 ...	... 24—60ths do
25 ...	.. 25—60ths do
26 ..	.. 26—60ths do
27 ..	.. 27—60ths do
28 ..	.. 28—60ths do
29 ...	.. 29—60ths do
30 and above	.. 30—60ths do

(3) *Regarding Leave.*—The provisions relating to grant of furlough on average salary and leave on medical certificate to superior servants, will be extended to inferior servants as well.

6. Under the existing rules applicable to Military pensioners service gratuity is not admissible for less than five years and for service thereafter the gratuity allowable is only three months' pay for every complete five years in all units except the

Transport Corps where the scale for gratuity is three months' pay for every completed period of six years.

The minimum period for earning pension is—

18 to 20 years in the Cavalry Regiments.
21 years in the Transport Corps.
24 years in the Barr Forces.

7. Government consider that the service gratuity and pension rules of the Military pensioners should also be revised so as to permit the grant of gratuity of full one month's pay for each completed year up to 15 years' service and of ordinary or first pension for service of 15 years and over, uniformly in all the units.

8. Necessary A and C slip incorporating the foregoing modifications in the Mysore Service Regulations will issue separately.

9. The revision sanctioned in this order, will have effect from the 18th October 1929.

FINANCIAL SECRETARIAT

G. O. No. Fl. 7418-77/S. & A. 252-28-4 Dated Bangalore the 1st–3rd April 1929.

Compassionate Gratuity

Introduction of a provisional scheme for grant of———to the families of deceased officers.

Read:—

Letter dated 12th April 1927, from the Honorary Secretary of the Mysore Civil Services Association representing the need for the introduction of a scheme of Provident Fund with reduced pension rights for the benefit of pensionable employees.

2. Letter No. C.2387/27-28, dated 29th November 1928, from the Revenue Commissioner, submitting for favourable consideration a further representation on the above subject dated 24th November 1928, from the Honorary Secretary, Mysore Non-Gazetted Officers' Association and supporting the prayer of the Association that pending sanction of the general scheme, relief may be granted to the families of officers dying in harness or soon after retirement by payment of a compassionate gratuity equivalent to one month's pay for every year of service rendered.

ORDER NO.FL.7418-77/S.& A.252-28-4 DATED 1ST/3RD APRIL 1929.

Under the existing Pension Regulations (vide Article 241,Mysore Service Regulation),Government recognise no claim by a widow on account of the services rendered by her husband, and there is no provision made in the rules for relief to the family of a Government servant who dies in harness, whatever the length of service rendered by him.

Instances have come to notice where, on the extinction of the contingent pensionary right by death of a Government servant, his dependents are often left in straitened circumstances, and it is felt that this defect in the rules should be remedied, and some provision should be made for the grant of relief to the heirs of pensionable Government servants, who die before obtaining their pension or enjoying it sufficiently long.

A deputation representing the Civil Services and the Non-Gazetted Officers' Associations waited on the Dewan in May 1927, and pressed on the attention of Government the desirability of introducing a Provident Fund Scheme combined with reduced pension privileges.

The substitution, partially or wholly, of a Provident Fund for the existing system of pensions is a complex problem

and Government consider that it is not possible to attempt its solution without a proper actuarial advice. The same question has been under the consideration of the Government of India for some years past and their decision will be awaited before attempting to alter the pension system in Mysore.

At the same time, there is urgent need for affording some relief to the families of pensionable employees, whose service yields no pensionary return or yields only a proportionately small return.

Government are accordingly pleased to sanction the following provisional scheme for the grant of commpassionate gratuity to the families of deceased officers:-

1. The minimum service for grant of compassionate gratuity will be five years qualifying service.

2. For qualifying service of five years and above, compassionate gratuity will be calculated at the rate of one month's pay for each year of approved service, based on that drawn in June of each year.

3. Service, whether on the superior or inferior scale, counts equally for the calculation of compassionate gratuity.

4. The maximum qualifying service for which compassionate gratuity will be payable is limited to 30 years.

5. The maximum monthly pay for calculation of compassionate gratuity is fixed at Rs.1,000.

6. The maximum amount of compassionate gratuity payable to the family of a deceased officer will in no case exceed Rs.10,000.

7. The benefit of this scheme will be extended to the case of a deceased pensioner when the aggregate pension drawn by him *plus* the commuted value if any, of the pension commuted is less than the compassionate gratuity admissible under these rules, had he died on the date of retirement. In such a case, the excess of the compassionate gratuity over the pension (including the commutation value if any), drawn will be paid to the family of the deceased pensioner.

8. If the amount of a compassionate gratuity is less than Rs.500, it will be paid in one instalment, and if it is Rs.500 or more, it will be converted into an Income Policy, according to the scheme sanctioned in Government Order No. Fl.2964-5/ G.F.192-27-6, dated 10th/12th October 1928, the term of the annuity payable being left to the option of the payee subject, however, to the condition that the term elected, should not be less than ten years.

Article 241, Mysore Service Regulation, will be abrogated. Detailed rules of procedure for working the scheme, sanctioned in this order, are appended.

B. SRINIVASA IYENGAR,
Secretary to Government, Financial Department.

To--The Comptroller to the Government of Mysore.
The Secretaries to Government.
The Heads of Departments.
The Deputy Commissioners of Districts.

Rules for administering the scheme of the grant of compassionate gratuity to the families of pensionable employees who die in harness or soon after retirement sanctioned in Government Order No. Fl. 7418-77/S. A. 252-28-4, dated 1st/3rd April 1929.

CONDITIONS OF GRANT.

1. The minimum service for grant of compassionate gratuity will be five years qualifying service.

2. For qualifying service of five years and above compassionate gratuity will be calculated at the rate of one month's pay for each year of approved service, based on that drawn in June of each year.

3. Service whether on the superior or inferior scale counts equally for the calculation of compassionate gratuity.

4. The maximum qualifying service for which compassionate gratuity will be payable is limited to 30 years.

5. The maximum monthly pay for calculation of compassionate gratuity is fixed at Rs.1,000.

6. The maximum amount of compassionate gratuity payable to the family of a deceased officer will in no case exceed Rs.10,000.

PROCEDURE FOR PREFERRING APPLICATIONS.

7. In the event of a pensionable officer dying before retirement, the application for the grant of compassionate gratuity under the rules should be prepared by the head of the office concerned in accordance with the rules prescribed for pension applications *mutatis mutandis* and it will be submitted by him through his official superior and the Audit Officer to Government with a report embodying the result of the enquiry as to who are the heirs of the deceased.

8. A statement in the following form should accompany the application:—

Application for compassionate gratuity for the family of late ..... died while in service.

Submitted by the.....

Description of deceased.—

Name.
Occupation an service.
Length of qualifying service.
Last Pay.

Description of heirs and dependents.

Description of claimant.

Name and residence.
Age.
Height.
Caste, race or tribe.
Marks for identification.
Present occupation and pecuniary circumstances.
Degree of relationship to deceased.

Result of enquiry into the title of the claimant, to be noted briefly.

Amount of compassionate gratuity admissible.
(Details of calculation to be specified.)

Method of payment,

(*a*) in one instalment or

(*b*) by conversion to an Income Policy according to the scheme sanctioned in Government Order No. Fl.2964-5/G.F.192-27-6, dated 12th October 1928.

Place of payment.

Remarks.

Place.

Signature of Head of Office.

Date.

9. In case in which the aggregate pension plus the commuted value, if any, drawn by a retired officer is less than the gratuity admissible under these rules, had he died just on the date of retirement, the excess of gratuity over the pension and commuted value drawn will become payable to the heirs of the deceased officer.

10. Applications preferred by the heirs of deceased pensioners should furnish particulars in the form prescribed above. They may be submitted to Government direct who will forward the application if in order to the Head of the Department concerned for investigation and report through the Audit Officer.

11. For facilitating the prompt disposal of applications for compassionate gratuity, the Comptroller will in future have the amount of compassionate gratuity admissible under these rules at retirement of each pensioned officer, calculated at the time of the disposal of his pension application.

12. Instructions will be issued by the Comptroller for entering the June pay of each year of each officer in the annual schedules of establishments.

13. For determining the rightful claimant to the compassionate gratuity admissible under the rules the procedure laid down in Article 530, Mysore Service Regulation, should as far as possible be followed.

14. The grant of compassionate gratuity under the rules is entirely within the discretion of Government, who reserve to themselves full liberty to modify the rules at any time.

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

(vide para 2 of the draft review on the report on the administration of the Revenue for 1928-29)

Seasonal conditions

Though the rainfall was fairly up to the average it was untimely & not properly distributed in several parts of the State. Owing to the inadequacy of the rainfall in parts of the Kolar, Mysore & Chitaldrug districts there was a failure of wet crops under several tanks & restriction of daily wet assessment amounting to about a lakh over Rs 46,800 was sanctioned ~~with more~~ Later ~~relief~~ measures such as deepening of wells & throwing open the State forests for free grazing helped to a large extent to relieve the situation in the affected parts.

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

J. Bhore 14.12.29
Chief Engineer of Mysore.

V.N.S.

A brief synopsis of principal events in the Administration of the Mysore State (P.W.D) during the calendar year 1929.

The progress under "Irrigation Works" both Major and Minor Tanks Restoration - Scheme was very satisfactory. Large projects costing over a lakh were sanctioned during the year, such as:-

		Rs
(1)	Constructing a tank across the Maralwadi Stream.....	4,17,000
(2)	Constructing a new tank across the Vrishabavati stream near Kamasamudram	1,95,800
(3)	Constructing the Dalavoy tank.....	2,03,600
(4)	Constructing a new tank at Bidadi.....	2,21,540
(5)	Constructing a new tank at Nidasale.....	2,75,617

2. Good progress was secured on the work of constructing the reservoir across the Kumudvati river near Anjanapur at a cost of Rs 17,85,000.

3. The work of constructing an anicut across the Bhadra at Gopala at an estimated cost of Rs 10,70,195 was completed in all respects with an outlay of Rs 10,73,581, and water was let in the channel for irrigation up to the 37th mile.

4. Proposals for the formation of an Irrigation Fund on the same lines as the Road Fund have been formulated and Government in their order No.Fl.7714-63/G.F.149-28-1 dated the 19th April 1929 fixed the Government grant for irrigation works at Rs 10 lakhs per annum with effect from 1929-30.

Schemes submitted to Government and under consideration.

5. Constructing a reservoir across the Bhadra river at Lakkavalli.- A rough estimate amounting to Rs 216 lakhs was received and is under disposal. Joint gauging observations with the officers of the Madras Government were resumed during the year.

6. In connection with the developments contemplated at the Mysore Iron Works and the necessity for additional Motive power, a special establishment consisting of one Assistant Engineer, 4 Surveyors and 2 Sub-overseers was sanctioned. The investigations were completed and the report with plans and estimate amounting to Rs 50 lakhs for constructing a reservoir at a site near Honnemaradi village in Sagar Taluk were forwarded to the Manager, Iron Works, Bhadravati.

7. An estimate for the construction of a masonry dam across the Arkavati near

Thippagondanahalli to provide a more satisfactory source of water supply to Bangalore estimated to cost Rs 50.81 lakhs has been submitted to Government.

8. Maranapur Project.- To ascertain the flow of water in the stream during different months of the year at the anicut sites as well as at the frontier, gauging operations have been in progress for the past two years, and will be continued for a couple of years more to have a continuous record for ascertaining the actual flow before arriving at a decision regarding the feasibility of the project.

9. The work of constructing Lalitadri Mahal near Lalitadri Hill, Mysore, estimated at Rs 23 lakhs was nearly completed, the outlay thereon being Rs 20,23,758 to end of the year 1929.

10. An estimate amounting to Rs 1,08,855 for constructing a building for the Central Institute for Defectives at Mysore was sanctioned.

11. Constructing a bridge across the Cauvery river at T.Narsipur.- The work was started during the year and good progress secured on the right abutment and the 15th and 16th piers.

12.

12. Constructing a bridge across the Hemavati river at Akkihebbal.- An estimate amounting to Rs 2,09,000 was sanctioned during the year.

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1928.

General.

1. The Indian States Enquiry Committee visited the State from the 19th to 22nd March 1928 and the views of Government on certain matters affecting the State were placed before the Committee.

Seasonal conditions.

2. The seasonal conditions were generally favourable but, owing to inadequate rainfall in certain parts of the Bangalore, Tumkur, Kolar, Mysore and Chitaldrug districts, and the consequent insufficient supply of water to some of the tanks, the wet and garden lands under these tanks suffered a partial loss of crops. Remission of assessment to the extent of Rs. 45,516 was therefore ordered in respect of these lands and other measures of relief were organised in the affected tracts.

Finance.

3. The budget estimates for the official year 1928-29, as finally passed, anticipate a total revenue of Rs. 3,55,91,000 and provide for a total expenditure, chargeable to revenue, of Rs. 3,55,48,000. The capital outlay, not chargeable to revenue, is estimated at Rs. 89,55,000.

Progress, moral and material.

4. Orders were passed approving of the delegation of the control of primary education, subject to certain limitations, to the District Boards and Municipalities offering to contribute not less than one-third of the total cost of such education within their jurisdiction. The scheme of medical inspection of school children was ordered to be extended to boys' schools in all stations where medical men are available. With a view to afford greater facilities for the education of the pupils belonging to the backward classes, the grant for the award of scholarships to such students was enhanced from Rs. 1,10,000 to Rs. 1,60,000 per annum.

The International Health League visited the State in the month of February 1928.

It was decided to start a Land Mortgage Bank and the work of directing its activities on proper lines was entrusted to the Director of Industries and Commerce. A creosote plant was installed at the Bhadravati Iron Works for the treatment of inferior kinds of timber available in the ghat forests by using the creosote manufactured by the Iron Works.

Protection.

5. Sixteen Regulations were passed during the year, the chief among them being the Workmen's Compensation Regulation and the Agriculturists' Relief Regulation. Civil and criminal jurisdiction was combined as an experimental measure in one of the Courts of first instance. One of the Criminal Courts was made a circuit court and there were two such courts working during the year. A separate Superintendent of Police was appointed for the Bangalore City and Taluk and the Amildars thereof were divested of their Police powers.

Technical Departments.

6. The construction work on the Shimoga-Ragihosahally Railway (18·96 miles) made good progress during the year and the whole line is likely to be opened for traffic by April or May 1929. The extension of this railway as far as Arasalu, a distance of 7·54 miles, has been sanctioned by Government and engineering estimates for continuing the line to Sagar are under preparation. Traffic and engineering estimates for Chamarajanagar-Satyamangalam extension and Chamarajanagar-Kollegal Railway have been prepared and the projects are receiving consideration.

The North Bank High Level Canal from the Krishnaraja Sagara sanctioned in 1926-27 to irrigate a total extent of 120,000 acres of land made good progress. It was renamed the Irwin Canal after the visit of His Excellency the Viceroy. Schemes for the electrification of many towns were sanctioned and electric power was supplied to the Mettur Reservoir works in the Madras Presidency.

Estimates amounting to Rs. 8,75,000 were sanctioned for the construction of bridges across the Cauvery and the Kabbini at T.-Narsipur and work was started in respect of the former. In connection with the developments contemplated at the Mysore Iron Works and the necessity for additional power, preliminary surveys for a reservoir across the Sharavati river near the Jog Falls were ordered by Government with the object of investigating the possibility of a hydro-electric power scheme. An estimate amounting to Rs. 2 lakhs was sanctioned for the construction of a bridge across the Hemavati at Akkihebbal. A contribution of Rs. 50,000 was paid to the Madras Government towards the construction of a bridge across the Cauvery near Sivasamudram, which is estimated to cost about Rs. 4 lakhs.

The Eastern Division of the Agricultural Department was split up into two circles, each under the charge of an Assistant Director. The strength of the Civil Veterinary Department was increased and the department was placed under the administrative control of the Director of Agriculture.

The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 341,583·113 ounces valued approximately at Rs. 194,35,508.

Local Self-Government.

7. Mohatarfa taxes were abolished in all the villages of the State and in their place, Village Panchayets levied, under the Mysore Village Panchayet Regulation, taxes on houses, shops, or places of trade or business, vacant sites, hittals and carts. The levy of tolls on animals was discontinued by the District Boards and a Committee was appointed to consider the question of reducing the number of newly established toll gates. The Minor Municipal Council Taxation rules were amended so as to exempt hand-spun Khadi from octroi in the Minor Municipalities.

Important Administrative Measures.

A scheme of "Annuities" or "Income Policies" for the benefit of the insured and the general public, desiring to provide assured periodical payments from the Government Treasury either to themselves or to their dependants, was sanctioned during the year as an adjunct to the State Life Insurance Scheme and the necessary rules were published. For the better upkeep and repairs of all the provincial roads in the State, the constitution of a "Road Fund" was sanctioned and certain revenues, such as Toll receipts and fees from motor taxation, have been earmarked for the purpose. A comprehensive revision of the Muzrai establishments was effected. The Ayurvedic College and Hospital at Mysore were reorganised. The scheme of Record of Rights was introduced into five more taluks and a sub-taluk.

over

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1929.

General.

1. The State was honoured with a second visit from His Excellency the Right Hon'ble Edward Frederick Lindley Wood, Baron Irwin of Kirby Underdale, P. C., G. M. S. I., G. M. I. E., Viceroy and Governor-General of India in the month of November 1929. His Excellency the Commander-in-Chief of India also visited the State during the same month.

His Exalted Highness the Nizam of Hyderabad paid a visit to Mysore and Bangalore in April 1929. The members of the Indian Statutory Commission and of the Indian Central Committee visited Mysore and Bangalore in March 1929.

Seasonal conditions.

2. Though the rainfall during the year exceeds the average of the previous years, it was untimely and not properly distributed in several parts of the State. Remissions of land revenue assessment amounting to about Rs. 46,000 were sanctioned on account of failure of crops in parts of the Mysore, Kolar and Chitaldrug Districts and other measures of relief were organized in the affected tracts.

Finance.

3. The sanctioned budget estimates for the official year 1929-30 anticipate a total revenue of Rs. 3,70,93,000 and provide for a total expenditure chargeable to revenue of Rs. 3,70,56,000. The programme of capital works contemplates an outlay of Rs. 92,73,000.

Progress, moral and material.

4. The Health Department was separated from the Medical Department and reorganised with a wholetime Director of Health in charge of the Department.

The Co-operative Societies Regulation was amended with a view to bring the Land Mortgage Bank within its scope, and rules and bye-laws for the working of the Land Mortgage Bank were issued under the Regulation. A cattle breeding station was established at Parvatarayanakere in Kadur District and an Agricultural Colony was started under the Bhadra channel in the Shimoga District. With a view to meet the growing demand for High School education, three Municipal High Schools on a grant-in-aid basis were ordered to be opened at Chintamani, Hole-Narsipur and Malvalli. A Boarding Middle School for Adikarnataka girls was opened at Bangalore. Orders were passed sanctioning a scheme of medical inspection of school girls in certain municipal areas.

Protection.

5. Ten Regulations were passed during the year, the principal among them being the Regulation to amend the Mysore Co-operative Societies Regulation, already referred to, the Cotton Ginning and Pressing Factories Regulation and Regulations amending the Municipal and District Board Regulations, so as to enable women to become members of Municipal Councils and District Boards. The Special Reserve Police Force was reorganised at an additional cost of Rs. 45,000 per year. An additional Police Force at a cost of Rs. 14,000 per annum was ordered, under section 21 of the Mysore Police Regulation, to be stationed at Davangere temporarily for a period of one year from October 1929. The scheme of itinerant Magistrates was extended throughout the State except the Bangalore District and the Bench Courts at the places where the itinerant courts are held were abolished. Orders were passed empowering Assistant Commissioners and *ex-officio* Magistrates in charge of Revenue Sub-Divisions to try such cases as are referred to them by District Magistrates.

Technical Departments.

6. The Irwin Canal Works made good progress, the outlay incurred to end of December being Rs. 87·75 lakhs. More than half the length of the tunnel at Hulikere was excavated. A soil survey of the irrigable tract has been taken up jointly by the Public Works and Agricultual Departments. The seventh installation works at Sivasamudram sanctioned in July 1925 for generating 14,000 H.P. made good progress. Five tank works costing over thirteen lakhs of rupees were sanctioned during the year. Sanction was accorded to the formation of an Irrigation Fund on lines similar to the Road Fund and the annual Government grant for irrigation works was fixed at ten lakhs with effect from 1929-30. The construction of the new Guests' Mansion near Lalitadri Hill, Mysore, estimated at Rs. 23 lakhs, was practically completed. The construction of a building for the Central Institute for Defectives at Mysore was sanctioned and a bridge across the Hemavati river at Akkihebbal.

Local Self-Government.

The Shimoga-Shimoga town section of the Shimoga-Arasalu Railway was opened for traffic. To obviate inconvenience to the public at joint stations, the traffic working and control of the 2'-6" gauge stations at Bangalore City and Bowringpet were taken over from the M. & S. M. Railway by the Mysore Railways from 1st August 1929. The output of fine gold fron the Kolar Gold Fields during the first eleven months of the year was 330,411,722 ounces, valued approximately at Rs. 188,81,504.

Important Administrative Measures.

7. The District Boards of Tumkur, Mysore, Shimoga, Kadur and Chitaldrug were given the privilege of electing their own Presidents. On the recommendation of the committee appointed to consider the question of abolishing the newly established toll-gates in the State, 22 toll-gates in all (both State and District Fund) were abolished.

8. Government sanctioned the appointment of a Trade Commissioner for Mysore, stationed in London, for dealing among other matters with the sale of Sandalwood oil from State factories and the foreign purchases of Government Departments. Orders were passed on the report of the Committee appointed to investigate the causes and circumstances connected with the Bangalore Disturbances that occurred in July 1928. A Committee was appointed to examine the question of improving the position assigned to women in Hindu Law. The Stores Purchase Committee was ordered to be continued for a further period of three years from 1st July 1929. An Advisory Committee was constituted to advise the Railway Administration on matters affecting the general public.

BANGALORE,
18th January 1930.

N. MADHAVA RAO,
Chief Secretary to Government.

A brief synopsis of principal events in the administration of the Mysore State during the calendar year 1929.

---

1. General.

The State was honoured with a second visit from His Excellency the Right Hon'ble Edward Frederick Lindley Wood, Baron Irwin of Kirby Underdale, P.C. G.M.S.I., G.M.I.E., Viceroy and Governor General of India in the month of November 1929. His Excellency the Commander-in-Chief of India also visited the State during the same month.

His Exalted Highness the Nizam of Hyderabad paid a visit to Mysore and Bangalore in April 1929. The members of the Indian Statutory Commission and of the Indian Central Committee visited Mysore and Bangalore in March 1929.

2. Seasonal Condition. Though the rainfall during the year exceeds the average of the previous years, it was untimely and not properly distributed in several parts of the State. Remissions of land revenue assessment amounting to about Rs.46,000/- were sanctioned on account of failure of crops in parts of the Mysore Kolar and Chitaldrug Districts and other measures of relief were organized in the affected tracts.

3. Finance.

The sanctioned budget estimates for the official year 1929-30 anticipate a total revenue of Rs.3,70,93,000 and provide for a total expenditure chargeable to revenue of Rs.3,70,56,000. The programme of capital works contemplates an outlay of Rs.92,73,000.

4. Progress, moral and material.

The Health Department was separated from the Medical Department and reorganised, with a wholetime Director of Health in charge of the Department.

The Co-operative Societies Regulation was amended with a view to bring the Land Mortgage Bank within its scope, and rules and bye-laws for the working of the Land Mortgage Bank were issued under the Regulation. A cattle breeding station was established at Parvatarayanakere in Kadur District and an Agricultural Colony was started under the Bhadra channel in the Shimoga

district. With a view to meet the growing demand for High School education, three Municipal High Schools on a grant-in-aid basis were ordered to be opened at Chintamani, Holenarsipur and Malvalli. A Boarding Middle School for Adikarnataka girls was opened at Bangalore. Orders were passed sanctioning a scheme of medical inspection of school girls in certain municipal areas.

5.Protection. Ten Regulations were passed during the year, the principal among them being the Regulation to amend the Mysore Co-operative Societies Regulation already referred to, the Cotton Ginning and Pressing Factories Regulation and Regulations amending the Municipal and District Board Regulations, so as to enable women to become members of Municipal Councils and District Boards. The Special Reserve Police force was reorganised at an additional cost of Rs.45,000/- per year. An additional Police force at a cost of Rs.14,000 per annum was ordered, under section 21 of the Mysore Police Regulation, to be stationed at Davangere temporarily for a period of one year from October 1929. The scheme of itinerant Magistrates was extended throughout the State except the Bangalore District and the Bench Courts at the places where the itinerant courts are held were abolished. Orders were passed empowering Assistant Commissioners and Ex-officio Magistrates in charge of Revenue Sub Divisions to try such cases as are referred to them by District Magistrates.

Technical Departments. The Irwin Canal Works made good progress, the outlay incurred to end of December being Rs.87.75 lakhs. More than half the length of the tunnel at Hulikere was excavated. A soil survey of the irrigable tract has been taken up jointly by the Public Works and Agricultural Departments. The seventh installation work at Sivasamudram sanctioned in July 1925 for generating 14,000 H.P. made good progress. Five tank works costing over thirteen lakhs of rupees were sanctioned during the year. Sanction was accorded to the formation of an Irrigation Fund on lines similar to the Road Fund and the annual

Government grant for irrigation works was fixed at ten lakhs with effect from 1929-30. The construction of the new Guests' Mansion near Lalitadri Hill, Mysore, estimated at Rs.23 lakhs was practically completed. The construction of a building for the Central Institute for Defectives at Mysore was sanctioned and a bridge across the Hemavati river at Akkihebbal.

The Shimoga-Shimoga town section of the Shimoga-Arasalu Railway was opened for traffic. To obviate inconvenience to the public at joint stations, the traffic working and control of the 2'-6" gauge stations at Bangalore City and Bowringpet were taken over from the M.&.S.M. Railway by the Mysore Railways from 1st August 1929. The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 330,411,722 ounces, valued approximately at Rs.188,81,504.

7. Local Self Government. The District Boards of Tumkur, Mysore, Shimoga, Kadu and Chitaldrug were given the privilege of electing their own Presidents. On the recommendation of the committee appointed to consider the question of abolishing the newly established toll-gates in the State, 22 toll-gates in all (both State and District Fund) were abolished.

8. Important Administrative Measures. Goverment sanctioned the appointment of a Trade Commissioner for Mysore, stationed in London, for dealing among other matters with the sale of Sandal wood oil from State factories and the foreign purchases of Government Departments. Orders were passed on the report of the Committee appointed to investigate the causes and circumstances connected with the Bangalore Disturbances that occurred in July 1928. A Committee was appointed to examine the question of improving the position assigned to women in Hindu Law. The Stores Purchase Committee was was ordered to be continued for a further period of three years from 1st July 1929. An Advisory Committee was constituted to advise the Railway Administration on matters affecting the general public.

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1929.

1. General

His Exalted Highness the Nizam of Hyderabad paid a visit to ~~Bangalore~~ Mysore and Bangalore in ~~March~~ April 1929. The members of the Indian ~~Statutory~~ Commission and of the Indian Central Committee visited Mysore and Bangalore in March 1929.

His Excellency the Right Honble Edward Frederick Lindley Wood, Baron Irwin of Kirby Underdale, P.C., G.M.S.I., G.M.I.E., Viceroy and Governor General of India, visited the State (for a second time) in the month of Nov 1929.

His Excellency the Commander-in-chief of India visited the State in Nov 29,

Thursday, 9 Thursday, the Wednesday,

Rey

2 Seasonal Conditions

Though the rainfall was fairly up to the average, it was entirely and not properly distributed in several parts of the State. Remissions of assessment amounting to about Rs 46,000/- were sanctioned on account of failure of crops in parts of the Bangalore, Kolar and Chitaldrug districts and other measures of relief were organised in the affected tracts.

3 Finance

The sanctioned budget estimates for the official year 1929-30 anticipate a total revenue of Rs 3,70,93,000 and provide for a total expenditure chargeable to revenue of Rs 3,70,56,000. The programme of capital works contemplates an outlay of Rs 92,73,300.

material and moral was separated from the medical dept and reorganised with a whole-time DD in charge of the dept of Health. The Co-op. Societies Regulation was amended with a view to legalise the formation of a Land mortgage Bank within its scope, and rules & bye-laws were issued under the Regulation. A cattle breeding station was established at Parvatarajanikere in Hadu district and a colony was started under Shimoga Distt. the Bhadra channel. Rules for the regulation of cattle fairs were revised so as to secure better control of the movement of cattle & rules were issued for controlling epidemic diseases of cattle. With a view to meet the growing demand for High School education, three more High Schools on a grant-in-aid basis were ordered to be opened at Chintamani, Holenarsipur & Malavalli.

Horticulture

for the working of the Land mortgage Banks

an Agricultural

opened at Bangalore. Orders were passed sanctioning a scheme of medical inspection of school girls in certain municipal areas. An Elementary Education Bill was introduced.

Ten Regulations were passed during the year, the chief among them being the Regulation to amend the Mysore Co-operative Societies Regulation, the Cotton Ginning & Pressing Factories Regulation and the Regulations amending the Municipal and District Bd Regulations so as to enable women to become members of municipal Councils and District Boards. An additional Police Force at a cost of Rs 14,900 per annum was ~~[illegible]~~ under section 21 of the Mysore Police Regulation, ordered to be stationed at Davangere temporarily for a period of one year from Oct^r 1929. The scheme of elevation of magistrates was extended throughout the State except the Bangalore District. Orders were passed empowering Asst. Comrs and ex officio magistrates in charge of Rev Sub Divns to try such cases as are referred to them by Distt: Magistrates.

The Bench Courts at the places where the Itinerant Courts are held being were abolished.

made good progress. ~~and~~

The outlay incurred to end of Dec was Rs 87.75 lakhs.

More than half the ~~half~~ length of the tunnel at Hulikere was excavated & an outlay of Rs 87.75 lakhs having been ~~incurred~~ Five

[Y] A joint Soil survey of ~~the Soil~~ the irrigable area has been taken up by the P.W.D and the Agricultural dept. ~~has been taken up~~ to ascertain the kind of crops

The seventh ~~first~~ installation work at Sivarammudram was sanctioned in July 25 for generating 14000 H.P. to meet very good prospects.

tank works costing over thirteen lakhs of rupees were sanctioned during the year. A fresh ~~sanction~~ sanction was accorded to ask the formation of an Irrigation Fund on lines similar to the Road Fund and the annual Govt grant for irrigation works was fixed at ten lakhs with ~~effect~~ effect from 1929-30. [XX] In connection with the development contemplated at the Mysore Iron Works, a report ~~was submitted~~ was forwarded to the Manager of the Works for consideration, together with plans & an estimate amounting to Rs 50 lakhs for constructing a reservoir in Sagar taluk. An estimate for Rs 50.81 lakhs was asked to be submitted for constructing a masonry dam across the Arkavati river near

[X] The construction of ~~Lingadahalli~~ two new forest bungalows, one at Lakkadahalli in Hassan and the other at Kalasa, estimated at Rs 23 lakhs was nearly completed.

for constructing a building for the Central Institute for defectives at Mysore and a bridge across the Hemavati river at Akkihebbal. The Shimoga — Shimoga town section of the Shimoga-Arsikere railway was opened for traffic. An Advisory Committee was constituted to advise the Railway Administration on matters affecting the general public convenience. The output of fine gold from the Kolar Gold Fields during the first eleven months of the calendar year 1929 was 330,411·722 ounces valued approximately at Rs 188,81,107.

To obviate inconvenience to the public at joint stations, the traffic working and control of the 2' 6" gauge stations at Bangalore City and Bowringpet were taken over from the Mysore Ry from 1st Aug 1929.

7 Local Self-Govt

The disqualification of women from becoming members of municipal Councils and Distt Bds was removed by amending the Municipal and District Bds Regulations. The Distt Bds of Tumkur, Mysore, Shimoga

On the recommendation of the Committee appointed to consider the question of abolishing the newly established toll-gates in the State, 22 toll-gates in (both State and District fund) were abolished.

By Order,
Secretariat to Govt.
Officer in charge
A.R. Work

June 1928 under report.

1. During the half year ending 30th June 1928 the Shekdari Service was improved. The pay of Shekdars has been fixed at Rs.50/- and Rs.40/- instead of Rs.45/-, 40/-, and 35/-. In order to minimise the extra cost, it was proposed to reduce the number of Hoblis by 25. The Revenue Commissioner's proposals in respect of the reduction of 17 Hoblis in Kolar, Shimoga, Kadur, Hassan and Chitaldrug Districts have been received and they are under the consideration of Government.

G.O.No.R.5457-517/L.R.291-11-16, dated 21st/26th January 1928.

2. Eight Revenue Probationers have been selected during the half year in addition to six Probationers, who were already appointed in January 1927. They are undergoing training. Some of the Probationers appointed in January 1927 are being appointed as Acting Amildars and Acting Deputy Amildars in short term vacancies.

G.O.No.R.9355-7/L.R.315-27, dated 12th June 1928.

3. The Closepet Sub Taluk was converted into a Taluk with effect from 1st July 1928. A separate Treasury was opened from 13th July 1928.

G.O.No.R.9743-802/L.R.156-27-28, dated 25th June 1928.

4. The Record of Rights Scheme has been ordered to be introduced into eight Taluks during the year 1928-29. The scheme will be introduced into three taluks to start with.

G.O.No.R.8793-804/L.S 12-27-47 dated 15th May 1928.

5. Orders have been issued as an experimental measure in the matter of the recovery of fees under the Record of Rights Scheme in the shape of Court Fee Stamps imprinted with the letters RR. instead of in cash. This is in respect of Bangalore Taluk only.

G.O.No.R.8146-51/L.S.12-27-43 dated 23rd April 1928.

6. As the Survey of coffee lands in the Malnad Districts was conducted several years ago and as the extent of land in actual holding at present was considered to be in excess of the recorded area and as the lands held under coffee tenure have been used for garden cultivation without paying the garden rates of assessment, the Revenue Commissioner

surveyed by a Special staff in order to arrest the leakage of revenue. His proposals have been approved by Government, the operations being undertaken in the two taluks of Chicmagalur and Mudgere in the first instance after this monsoon

G.O.No.R.8488-98/L.S.50-26-4 dated 4th May 1928.

7. Orders have been issued re: the entertainment of recruits for Survey work in connection with the Record of Rights and the opening of a training class at Bangalore.

G.O.No.R.8030-42/L.S.12-27-42 dated 19th April 1928.

8. Orders were issud in the matter of the encouragement to be given to the earth salt industry in the State by offering certain concessions to the license holders, viz., granting of takavi loans on furnishing suitable collateral security &c.

G.O.No.R.7190-200/L.R.398-27-3 dated 16th March 1928.

9. The training of Shanbhogs has been made obligatory in the case of those who have not worked as such for at least three years and are less than 35 years old.

G.O.No.R.8805-11/L.R.412-27-3 dated 15th May 1928.

10. Revised rule granting several concessions to agriculturists in regard to the levy of tolls on State fund roads as per recommendation of a special committee appointed for reviewing the arrangements previously ordered, have been issud.

G.O.No.R.8729-40/R.M.9-27-5 dated 15th May 1928.

11. Revised rules regarding the inspection of tanks were issud in G.O.No.R.8075-84/L.R.11-27-8 dated 20th April 1928.

12. Orders were issued in the matter of the grant of lands to Adikarnatakas for cardamom cultivation at an upset price to be fixed by the Deputy Commissioners, subject to the execution of a Mutchalika not to alienate the land for 15 years. (G.O.No.R.5046-9/L.R.243-27-2 date 9th January 1928)

13. In Government Order No.R.6549-58/L.R.372-27-2 dated 24th February 1928 orders were issued clearly defining the meaning of the term "Depressed Classes" in regard to the application of the concessional rules re: darkhasts.

1st March 1928 certain powers were delegated to the Revenue Commissioner in the matter of the grant of lands required for the upkeep of Masjids and Temples.

15. In Government Order No.R.8591-99/R.M.60-27-2 dated 8th May 1928 it was ordered that no grant for garden cultivation on favourable terms should be made without the sanction of Government.

16. In Government Order No.R.9733-41/L.R.537-27-2 dated 5th June 1928 Appendix G to the Land Revenue Rules re: the endowment of lands to Chatrams, Musafirkhanas etc, was ordered to be ~~deleted~~. deleted.

17. To prevent the occurrence of fire accidents like those at Issure, Shikarpur Taluk, the Revenue Commissioner has been asked to submit proposals in consultation with the Deputy Commissioner, Shimoga and other leading men of the District. (G.O.No.R.7700/R.M.3-27-19 dated 5th April 1928.

FINANCIAL DEPARTMENT.

G. O. No. Fl. 4685-7—G. F. 94-28-2, dated 21st December 1928.

Quinquennial Valuation.

Passes orders on the —— Reports of the Actuary on the Insurance Fund for the period ended 30th June 1928.

READ—

Letter No. 10866, dated 27th November 1928, from the Secretary, Mysore State Life Insurance Committee, forwarding copies of the Reports received from Mr. James Bacon, the Actuary on the valuation of the funds of both the Official and Public Branches of Insurance for the quinquennium ending 30th June 1928, with a copy of the Insurance Committee's resolution thereon (subjoined).

"III. Consideration of the Actuarial Reports on the Valuation of the Funds of the Official and Public Branches as at 30th June 1928.

Read and recorded the Reports of the Actuary in respect of mortality experience and resolved:—

(*a*) that as advised by the Actuary a Reversionary Bonus Addition of 1½ per cent per annum in the Official Branch on policies remaining effective on 30th June 1928, and an interim bonus at the same rate of 1½ per cent per annum on the original sum assured in respect of each policy that becomes a claim or matures before the next valuation, be declared;

(*b*) that a Reversionary Bonus addition of 1½ per cent per annum for each year of assurance entered upon since 30th June 1923, and an interim bonus at the same rate on the original sum assured in respect of each policy that becomes before the next valuation a claim or matures under Tables A, B and C be declared for every year of assurance entered upon after 30th June 1928;

(*c*) that a bonus of one month's pay be granted to the permanent non-gazetted staff working in both the branches; and

(*d*) resolved further that in view of the very good work done by the Deputy Secretary, of the very expeditious manner in which the valuation work was arranged for by him and of the fact that no remuneration is now paid to him for the increased and increasing work of the Public Branch and also in consideration of the fact that almost all the Officers of the Accounts Department employed in other departments are given Duty Allowances, Mr. M. P. Bheema Rao, B.A., Deputy Secretary, may also be recommended for a Duty Allowance of Rs 50 per mensem from the Public Branch Funds so long as he continues to be in charge of the work of that branch."

ORDER NO. FL. 4685-7- G. F. 94-28-2, DATED 21ST DECEMBER 1928.

Government have perused the Actuarial Reports with interest.

2. They are pleased to approve of all the recommendations of the Committee referred to in the letter read above.

3. Mr. M. P. Bheema Rao, Deputy Secretary, may be permitted to draw the duty allowance of Rs. 50 hereby sanctioned with effect from 14th December 1928.

WD 1838—GPB—740—2-1-29

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1928.

General.

1. The Indian States Enquiry Committee visited the State from the 19th to 22nd March 1928 and the views of Government on certain matters affecting the State were placed before the Committee.

Seasonal conditions.

2. The seasonal conditions were generally favourable but, owing to inadequate rainfall in certain parts of the Bangalore, Tumkur, Kolar, Mysore and Chitaldrug districts, and the consequent insufficient supply of water to some of the tanks, the wet and garden lands under these tanks suffered a partial loss of crops. Remission of assessment to the extent of Rs. 45,516 was therefore ordered in respect of these lands and other measures of relief were organised in the affected tracts.

Finance.

3. The budget estimates for the official year 1928-29, as finally passed, anticipate a total revenue of Rs. 3,55,91,000 and provide for a total expenditure, chargeable to revenue, of Rs. 3,55,48,000. The capital outlay, not chargeable to revenue, is estimated at Rs. 89,55,000.

Progress, moral and material.

4. Orders were passed approving of the delegation of the control of primary education, subject to certain limitations, to the District Boards and Municipalities offering to contribute not less than one-third of the total cost of such education within their jurisdiction. The scheme of medical inspection of school children was ordered to be extended to boys' schools in all stations where medical men are available. With a view to afford greater facilities for the education of the pupils belonging to the backward classes, the grant for the award of scholarships to such students was enhanced from Rs. 1,10,000 to Rs. 1,60,000 per annum.

The International Health League visited the State in the month of February 1928.

It was decided to start a Land Mortgage Bank and the work of directing its activities on proper lines was entrusted to the Director of Industries and Commerce. A creosote plant was installed at the Bhadravati Iron Works for the treatment of inferior kinds of timber available in the ghat forests by using the creosote manufactured by the Iron Works.

Protection.

5. Sixteen Regulations were passed during the year, the chief among them being the Workmen's Compensation Regulation and the Agriculturists' Relief Regulation. Civil and criminal jurisdiction was combined as an experimental measure in one of the Courts of first instance. One of the Criminal Courts was made a circuit court and there were two such courts working during the year. A separate Superintendent of Police was appointed for the Bangalore City and Taluk and the Amildars thereof were divested of their Police powers.

Technical Departments.

6. The construction work on the Shimoga-Ragihosahally Railway (18·96 miles) made good progress during the year and the whole line is likely to be opened for traffic by April or May 1929. The extension of this railway as far as Arásalu, a distance of 7·54 miles, has been sanctioned by Government and engineering estimates for continuing the line to Sagar are under preparation. Traffic and engineering estimates for Chamarajanagar-Satyamangalam extension and Chamarajanagar-Kollegal Railway have been prepared and the projects are receiving consideration.

The North Bank High Level Canal from the Krishnaraja Sagara sanctioned in 1926-27 to irrigate a total extent of 120,000 acres of land made good progress. It was renamed the Irwin Canal after the visit of His Excellency the Viceroy. Schemes for the electrification of many towns were sanctioned and electric power was supplied to the Mettur Reservoir works in the Madras Presidency.

Estimates amounting to Rs. 8,75,000 were sanctioned for the construction of bridges across the Cauvery and the Kabbini at T.-Narsipur and work was started in respect of the former. In connection with the developments contemplated at the Mysore Iron Works and the necessity for additional power, preliminary surveys for a reservoir across the Sharavati river near the Jog Falls were ordered by Government with the object of investigating the possibility of a hydro-electric power scheme. An estimate amounting to Rs. 2 lakhs was sanctioned for the construction of a bridge across the Hemavati at Akkihebbal. A contribution of Rs. 50,000 was paid to the Madras Government towards the construction of a bridge across the Cauvery near Sivasamudram, which is estimated to cost about Rs. 4 lakhs.

The Eastern Division of the Agricultural Department was split up into two circles, each under the charge of an Assistant Director. The strength of the Civil Veterinary Department was increased and the department was placed under the administrative control of the Director of Agriculture.

The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 341,583·113 ounces valued approximately at Rs. 194,35,508.

Local Self-Government.

7. Mohatarfa taxes were abolished in all the villages of the State and in their place, Village Panchayets levied, under the Mysore Village Panchayet Regulation, taxes on houses, shops, or places of trade or business, vacant sites, hittals and carts. The levy of tolls on animals was discontinued by the District Boards and a Committee was appointed to consider the question of reducing the number of newly established toll gates. The Minor Municipal Council Taxation rules were amended so as to exempt hand-spun Khadi from octroi in the Minor Municipalities.

Important Administrative Measures.

A scheme of "Annuities" or "Income Policies" for the benefit of the insured and the general public, desiring to provide assured periodical payments from the Government Treasury either to themselves or to their dependants, was sanctioned during the year as an adjunct to the State Life Insurance Scheme and the necessary rules were published. For the better upkeep and repairs of all the provincial roads in the State, the constitution of a "Road Fund" was sanctioned and certain revenues, such as Toll receipts and fees from motor taxation, have been earmarked for the purpose. A comprehensive revision of the Muzrai establishments was effected. The Ayurvedic College and Hospital at Mysore were reorganised. The scheme of Record of Rights was introduced into five more taluks and a sub-taluk.

The Superintendent, Govt. Printing,
Bangalore.

Sir

I am directed to request that the accompanying synopsis of principal events in the administration of the Mysore State during the Calendar year 1928 may be set in type and ~~two~~ three clear proofs thereof (quickly) furnished to this office ~~in the Secretariat before the 5th inst.~~ before the 5th inst.

A printed copy of the synopsis for 1927 is enclosed for reference.

I have &c

21/9

For Secretary to Govt

General.

The Indian States Enquiry Committee visited the State from the 19th to 22nd March 1928 and the views of Government on certain matters affecting the State were placed before the Committee.

Seasonal conditions.

The seasonal conditions were generally favourable, but owing to inadequate rainfall in certain parts of the Bangalore, Tumkur, Kolar, Mysore and Chitaldrug districts, and the consequent insufficient supply of water to some of the tanks, the wet and garden lands under these tanks suffered a partial loss of crops. Remission of assessment to the extent of Rs.45,516/- was therefore ordered in respect of these lands. Though, on the whole, the agricultural situation was somewhat better throughout the State than in the previous year, the outturn did not come up to the average.

Finance.

The budget estimates for the official year 1928-29, as finally passed, anticipate a total revenue of Rs.3,55,91,000 and provide for a total expenditure, chargeable to revenue, of Rs.3,55,48,000. The capital outlay, not chargeable to revenue, is estimated at Rs.89,55,000.

progress,

moral and material.

the control of primary education ~~may be delegated~~, subject to certain limitations, to the District Boards and Municipalities offering to contribute not less than one third of the total cost of such education within their jurisdiction. The scheme of medical inspection of school children was ordered to be extended to boys' schools in all stations where medical men are available. With a view to afford greater facilities for the education of the pupils belonging to the backward classes, an additional grant of Rs.50,000/- per year was sanctioned for the award of scholarships to such students. The International Health League visited the State in the month of February 1928. It was decided to start a Land Mortgage Bank and the work of directing its activities on proper lines was entrusted to the Director of Industries and Commerce. A creosote plant was installed at the Bhadravati Iron Works for the treatment of inferior kinds of timber available in the ghat forests by using the creosote manufactured by the Iron Works

Protection.

Sixteen Regulations were passed during the year, the chief among them being the Workmen's Compensation Regulation and the Agriculturists' Relief Regulation. Civil and Criminal

experimental measure in one of the Courts of first instance. One of the Criminal Courts was made a Circuit court and there were two such courts working during the year. A separate Superintendent of Police was appointed for the Bangalore City and Taluk and the Amildars (~~of this Taluk~~ thereof) were divested of their Police powers.

Technical Departments.

The construction work on the Shimoga Ragihosahally Railway (18.96 miles) ~~has~~ made good progress during the year and the whole line is likely to be opened for traffic by April or May 1929. The extension of this railway as far as Arasalu, a distance of 7.54 miles, has been sanctioned by Government and Engineering Estimates for continuing the line to Sagar are under preparation. Traffic and Engineering Estimates for Chamarajanagar-Satyamangalam extension and Chamarajanagar-Kollegal Railway have been prepared and the Projects ~~xxx~~ connect -ed therewith are receiving consideration. The North Bank High Level Canal from Krishnaraja Sagara sanctioned in 1926-27 to irrigate a total extent of 120,000 acres of land was in good progress. It was renamed the Irwin Canal after the visit of His Excellency the Viceroy. Estimates amounting to Rs. 8,75,000 were sanctioned for the construction of bridges across the Cauvery and the Kapini at T. Narasipur and work was started in regard to the former.

* Schemes for electrification of mines have been sanctioned and power has supplied by the Metur Reservoir works

the necessity for additional power, preliminary surveys for a reservoir across the Sharavati river near the Jog Falls were ordered by Government with the object of investigating the possibility of a hydro-electric power scheme. An estimate amounting to Rs.2 lakhs was sanctioned for the construction of a bridge across the Hemavati at Akkihebbal. The contribution of Rs.50,000 was paid towards the ~~work of~~ constructing ~~the~~ a bridge across the Cauvery near ~~the~~ Sivasamudram, which is estimated to cost about Rs.4 lakhs ~~and which has been undertaker by the Government of Madras.~~ The eastern division of the Agricultural department was split up into two circles, each under the charge of an Assistant Director. The strength of the Civil Veterinary Department was increased and its Head was placed under the administrative control of the Director of Agriculture. The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 341,583·113 ounces valued approximately ~~at Rs.~~ Rs 194, 35, 502/-

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1928.

General.

1. The Indian States Enquiry Committee visited the State from the 19th to 22nd March 1928 and the views of Government on certain matters affecting the State were placed before the Committee.

Seasonal conditions.

2. The seasonal conditions were generally favourable but, owing to inadequate rainfall in certain parts of the Bangalore, Tumkur, Kolar, Mysore and Chitaldrug districts, and the consequent insufficient supply of water to some of the tanks, the wet and garden lands under these tanks suffered a partial loss of crops. Remission of assessment to the extent of Rs. 45,516 was therefore ordered in respect of these lands and other measures of relief were organised in the affected tracts.

Finance.

3. The budget estimates for the official year 1928-29, as finally passed, anticipate a total revenue of Rs. 3,55,91,000 and provide for a total expenditure, chargeable to revenue, of Rs. 3,55,48,000. The capital outlay, not chargeable to revenue, is estimated at Rs. 89,55,000.

Progress, moral and material.

4. Orders were passed approving of the delegation of the control of primary education, subject to certain limitations, to the District Boards and Municipalities offering to contribute not less than one-third of the total cost of such education within their jurisdiction. The scheme of medical inspection of school children was ordered to be extended to boys' schools in all stations where medical men are available. With a view to afford greater facilities for the education of the pupils belonging to the backward classes, the grant for the award of scholarships to such students was enhanced from Rs. 1,10,000 to Rs. 1,60,000 per annum.

The International Health League visited the State in the month of February 1928.

It was decided to start a Land Mortgage Bank and the work of directing its activities on proper lines was entrusted to the Director of Industries and Commerce. A creosote plant was installed at the Bhadravati Iron Works for the treatment of inferior kinds of timber available in the ghat forests by using the creosote manufactured by the Iron Works.

Protection.

5. Sixteen Regulations were passed during the year, the chief among them being the Workmen's Compensation Regulation and the Agriculturists' Relief Regulation. Civil and criminal jurisdiction was combined as an experimental measure in one of the Courts of first instance. One of the Criminal Courts was made a circuit court and there were two such courts working during the year. A separate Superintendent of Police was appointed for the Bangalore City and Taluk and the Amildars thereof were divested of their Police powers.

Technical Departments.

6. The construction work on the Shimoga-Ragihosahally Railway (18·96 miles) made good progress during the year and the whole line is likely to be opened for traffic by April or May 1929. The extension of this railway as far as Arasalu, a distance of 7·54 miles, has been sanctioned by Government and engineering estimates for continuing the line to Sagar are under preparation. Traffic and engineering estimates for Chamarajanagar-Satyamangalam extension and Chamarajanagar-Kollegal Railway have been prepared and the projects are receiving consideration.

The North Bank High Level Canal from the Krishnaraja Sagara sanctioned in 1926-27 to irrigate a total extent of 120,000 acres of land made good progress. It was renamed the Irwin Canal after the visit of His Excellency the Viceroy. Schemes for the electrification of many towns were sanctioned and electric power was supplied to the Mettur Reservoir works in the Madras Presidency.

Estimates amounting to Rs. 8,75,000 were sanctioned for the construction of bridges across the Cauvery and the Kabbini at T.-Narsipur and work was started in respect of the former. In connection with the developments contemplated at the Mysore Iron Works and the necessity for additional power, preliminary surveys for a reservoir across the Sharavati river near the Jog Falls were ordered by Government with the object of investigating the possibility of a hydro-electric power scheme. An estimate amounting to Rs. 2 lakhs was sanctioned for the construction of a bridge across the Hemavati at Akkihebbal. A contribution of Rs. 50,000 was paid to the Madras Government towards the construction of a bridge across the Cauvery near Sivasamudram, which is estimated to cost about Rs. 4 lakhs.

The Eastern Division of the Agricultural Department was split up into two circles, each under the charge of an Assistant Director. The strength of the Civil Veterinary Department was increased and the department was placed under the administrative control of the Director of Agriculture.

The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 341,583·113 ounces valued approximately at Rs. 194,35,508.

Local Self-Government.

7. Mohatarfa taxes were abolished in all the villages of the State and in their place, Village Panchayets levied, under the Mysore Village Panchayet Regulation, taxes on houses, shops, or places of trade or business, vacant sites, hittals and carts. The levy of tolls on animals was discontinued by the District Boards and a Committee was appointed to consider the question of reducing the number of newly established toll gates. The Minor Municipal Council Taxation rules were amended so as to exempt hand-spun Khadi from octroi in the Minor Municipalities.

Important Administrative Measures.

A scheme of "Annuities" or "Income Policies" for the benefit of the insured and the general public, desiring to provide assured periodical payments from the Government Treasury either to themselves or to their dependants, was sanctioned during the year as an adjunct to the State Life Insurance Scheme and the necessary rules were published. For the better upkeep and repairs of all the provincial roads in the State, the constitution of a "Road Fund" was sanctioned and certain revenues, such as Toll receipts and fees from motor taxation, have been earmarked for the purpose. A comprehensive revision of the Muzrai establishments was effected. The Ayurvedic College and Hospital at Mysore were reorganised. The scheme of Record of Rights was introduced into five more taluks and a sub-taluk.

W D 1874—GPB—100—22-1-29

A brief synopsis of principal events in the administration of the Mysore State during the Calendar year 1929.

General.

1. The State was honoured with a second visit from His Excellency the Right Hon'ble Edward Frederick Lindley Wood, Baron Irwin of Kirby Underdale, P. C. G. M. S. I., G. M. I. E., Viceroy and Governor-General of India in the month of November 1929. His Excellency the Commander-in-Chief of India also visited the State during the same month.

His Exalted Highness the Nizam of Hyderabad paid a visit to Mysore and Bangalore in April 1929. The members of the Indian Statutory Commission and of the Indian Central Committee visited Mysore and Bangalore in March 1929.

Seasonal conditions.

2. Though the rainfall during the year exceeds the average of the previous years, it was untimely and not properly distributed in several parts of the State. Remissions of land revenue assessment amounting to about Rs. 46,000 were sanctioned on account of failure of crops in parts of the Mysore, Kolar and Chitaldrug Districts and other measures of relief were organized in the affected tracts.

Finance.

3. The sanctioned budget estimates for the official year 1929-30 anticipate a total revenue of Rs. 3,70,93,000 and provide for a total expenditure chargeable to revenue of Rs. 3,70,56,000. The programme of capital works contemplates an outlay of Rs. 92,73,000.

Progress, moral and material.

4. The Health Department was separated from the Medical Department and reorganised with a wholetime Director of Health in charge of the Department.

The Co-operative Societies Regulation was amended with a view to bring the Land Mortgage Bank within its scope, and rules and bye-laws for the working of the Land Mortgage Bank were issued under the Regulation. A cattle breeding station was established at Parvatarayanakere in Kadur District and an Agricultural Colony was started under the Bhadra channel in the Shimoga District. With a view to meet the growing demand for High School education, three Municipal High Schools on a grant-in-aid basis were ordered to be opened at Chintamani, Hole-Narsipur and Malvalli. A Boarding Middle School for Adikarnataka girls was opened at Bangalore. Orders were passed sanctioning a scheme of medical inspection of school girls in certain municipal areas.

Protection.

5. Ten Regulations were passed during the year, the principal among them being the Regulation to amend the Mysore Co-operative Societies Regulation, already referred to, the Cotton Ginning and Pressing Factories Regulation and Regulations amending the Municipal and District Board Regulations, so as to enable women to become members of Municipal Councils and District Boards. The Special Reserve Police Force was reorganised at an additional cost of Rs. 45,000 per year. An additional Police Force at a cost of Rs. 14,000 per annum was ordered, under section 21 of the Mysore Police Regulation, to be stationed at Davangere temporarily for a period of one year from October 1929. The scheme of itinerant Magistrates was extended throughout the State except the Bangalore District and the Bench Courts at the places where the itinerant courts are held were abolished. Orders were passed empowering Assistant Commissioners and *ex-officio* Magistrates in charge of Revenue Sub-Divisions to try such cases as are referred to them by District Magistrates.

Technical Departments.

6. The Irwin Canal Works made good progress, the outlay incurred to end of December being Rs. 87·75 lakhs. More than half the length of the tunnel at Hulikere was excavated. A soil survey of the irrigable tract has been taken up jointly by the Public Works and Agricultual Departments. The seventh installation works at Sivasamudram sanctioned in July 1925 for generating 14,000 H.P. made good progress. Five tank works costing over thirteen lakhs of rupees were sanctioned during the year. Sanction was accorded to the formation of an Irrigation Fund on lines similar to the Road Fund and the annual Government grant for irrigation works was fixed at ten lakhs with effect from 1929-30. The construction of the new Guests' Mansion near Lalitadri Hill, Mysore, estimated at Rs. 23 lakhs, was practically completed. The construction of a building for the Central Institute for Defectives at Mysore was sanctioned and a bridge across the Hemavati river at Akkihebbal.

Local Self-Government.

The Shimoga-Shimoga town section of the Shimoga-Arasalu Railway was opened for traffic. To obviate inconvenience to the public at joint stations, the traffic working and control of the 2'-6" gauge stations at Bangalore City and Bowringpet were taken over from the M. & S. M. Railway by the Mysore Railways from 1st August 1929. The output of fine gold fron the Kolar Gold Fields during the first eleven months of the year was 330,411,722 ounces, valued approximately at Rs. 188,81,504.

Important Administrative Measures.

7. The District Boards of Tumkur, Mysore, Shimoga, Kadur and Chitaldrug were given the privilege of electing their own Presidents. On the recommendation of the committee appointed to consider the question of abolishing the newly established toll-gates in the State, 22 toll-gates in all (both State and District Fund) were abolished.

8. Government sanctionod the appointment of a Trade Commissioner for Mysore, stationed in London, for dealing among other matters with the sale of Sandalwood oil from State factories and the foreign purchases of Government Departments. Orders were passed on the report of the Committee appointed to investigate the causes and circumstances connected with the Bangalore Disturbances that occurred in July 1928. A Committee was appointed to examine the question of improving the position assigned to women in Hindu Law. The Stores Purchase Committee was ordered to be continued for a further period of three years from 1st July 1929. An Advisory Committee was constituted to advise the Railway Administration on matters affecting the general public.

the calendar year 1929.

1. General.

His Exalted Highness the Nizam of Hyderabad paid a visit to Mysore and Bangalore in April 1929. The members of the Indian Statutory Commission and of the Indian Central Committee visited Mysore and Bangalore in March 1929.

The state was honoured with a second visit from His Excellency the Right Hon'ble Edward Frederick Lindley Wood, Baron Irwin of Kirby Underdale, P.C., G.M.S.I., G.M.I.E, Viceroy and Governor General of India, ~~visited the State (for a second time)~~ in the month of November 1929.

His Excellency the Commander-in-Chief of India ~~visited the State in November 1929.~~ during the same month

2.Seasonal Conditions.

Though the rainfall during the year was nearly equal to ~~was fairly up to~~ the last year's, it was untimely and not properly distributed in several parts of the State. Remissions of land revenue assessment amounting to about Rs.46,000/- were sanctioned on account of failure of crops in parts of the Mysore, Kolar and Chitaldrug districts and other measures of relief were organised in the affected tracts.

3.Finance.

The budget estimates for the official year 1929-30 anticipate a total revenue of Rs.3,70,93,000 and provide for a total expenditure chargeable to revenue of Rs.3,70,56,000. The programme of capital works contemplates an outlay of Rs.92,73,000.

4. Progress, moral and material.

The Health Department was separated from the Medical Department and reorganised, with a wholetime Director of Health in charge of the Department.

amended with a view to bring the Land Mortgage Bank within its scope, and rules and bye-laws for the working of the Land Mortgage Bank were issued under the Regulation. A cattle breeding station was established at Parvatarayanakere in Kadur District and an Agricultural Colony was started under the Bhadra channel in the Shimoga district. Rules for the regulation of cattle fairs were revised so as to secure better control of the movements of cattle and rules were issued for controlling epidemic diseases of cattle. With a view to meet the growing demand for High School education, three Municipal High Schools on a grant-in-aid basis were ordered to be opened at Chintamani, Holenarsipur and Malvalli. A Boarding Middle school for Adikarnataka girls was opened at Bangalore. Orders were passed sanctioning a scheme of medical inspection of school girls in certain municipal areas.

5. protection.

Ten Regulations were passed during the year, the principal among them being the Regulation to amend the Mysore Co-operative Societies Regulation, already referred to, the Cotton Ginning and Pressing Factories Regulation and Regulations amending the Municipal and District Boards Regulations so as to enable women to become members of Municipal Councils and District Boards. An additional Police force at a cost of Rs.14,000 per annum was ordered, under section 21 of the Mysore Police Regulation, to be stationed at Davangere temporarily for a period of one year from October 1929. The scheme of itinerary of Magistrates was extended throughout the State except the

The special Reserve Police force was reorganised at an additional cost of Rs 45000 per year

were abolished. Orders were passed empowering Assistant Commissioners and Ex-officio Magistrates in charge of Revenue Sub Divisions to try such cases as are referred to them by District Magistrates.

6. Technical Departments.

The Irwin Canal Works made good progress, the outlay incurred to end of December being Rs 87.75 lakhs. More than half the length of the tunnel at Hulikere was excavated. A soil survey of the irrigable tract has been taken up jointly by the Public Works and the Agricultural Department. The seventh installation work at Sivasamudram sanctioned in July 1925 for generating 14,000 H.P. made good progress. Five tank works costing over thirteen lakhs of rupees were sanctioned during the year. Sanction was accorded to the formation of an Irrigation Fund on lines similar to the Road Fund and the annual Government grant for irrigation works was fixed at ten lakhs with effect from 1929-30. The construction of the new Guests' Mansion near Lalitadri Hill, Mysore, estimated at Rs.23 lakhs was practically completed. Estimates amounting to Rs.1,08,855 and Rs.2,09,000 respectively were sanctioned for the constructing a building for the Central Institute for Defectives at Mysore was sanctioned, and a bridge across the Hemavati river at Akkihebbal.

The Shimoga-Shimoga town section of the Shimoga-Arasalu Railway was opened for traffic. To obviate the inconvenience to the public at joint stations, the traffic working and control of the 2' 6" gauge stations at Bangalore City and Bowringpet were taken ove

The output of fine gold from the Kolar Gold Fields during the first eleven months of the year was 330,411.722 ounces, valued approximately at Rs.188,81,504.

Local Self Government.

The disqualification of women from becoming members of Municipal councils and District Boards was removed by amending the Municipal and District Board Regulations. The District Boards of Tumkur, Mysore, Shimoga, Kadur and Chitaldrug were given the privilege of electing their own presidents. On the recommendation of the committee appointed to consider the question of abolishing the newly established toll-gates in the State, 22 toll-gates in all (both State and District Fund) were abolished.

8. Important Administrative Measures.

Government sanctioned the appointment of a Trade Commissioner for Mysore, stationed in London, for dealing among other matters with the ~~State~~ Sandal wood oil ~~transactions~~ sale of from Govt. factories and the foreign purchases of Government Departments. A Trade Agent for East and South Africa was also appointed for developing the sale of Mysore products such as sandal oil, soaps, silks, cast iron products etc. in that country. A scheme for the grant of compassionate gratuity was sanctioned, with a view to afford relief to the familes of pensionable Government servants dying while in ~~harness~~ service or soon after retirement. The leave and pension rules applicable to inferior servants were revised so as to bring them into line with those ~~xxxxxx~~ governing the cases of Government servants in superior ~~service~~. Orders were passed
